AWFUL SKIN HUMOR

My little daughter's head and face broke out in bleeding sores. One of her ears was so affected we thought it would slough off. Her suffering was intense, getting no rest unless under opiates. The physician tried every known remedy, but instead of getting better, she got worse. Distracted with her condition, I was advised to try CUTICURA REMEDIES. *Before the first week* I noticed that the little sufferer was beginning to get relief, and in *less than two months* was *entirely cured.* MRS. JAS. MELTON, 5 Hayden St., Atlanta, Ga.

SLEEP FOR SKIN-TORTURED BABIES AND REST FOR TIRED MOTHERS in a warm bath with CUTICURA SOAP, and a single anointing with CUTICURA, greatest of emollients and purest of skin cures. This treatment will give instant relief, permit rest for parent and sleep for child, and point to a speedy, permanent, and economical cure, when all else fails.

WAR CLOUD LOWERS.

Franco-British Situation Very Badly Strained.

In London War is Regarded More Than Ever Imminent.

Tone of the Paris Press Held to be Most Hostile.

War Preparations Going on in Great Britain With More Activity Than at Any Time Heretofore.

LONDON, Oct. 31.—There was an unexpected gloomy feeling this morning on the stock exchange and the Paris bourse, both these markets being influenced, it is inferred, from the aggressive tone of some of the French papers. Besides this, something extraordinary seems to have happened and it looks as if a crisis were approaching. The British naval preparations are certainly being pushed with great activity. The British emergency squadron is gathering at Davenport with all possible speed.

Seven battleships and one cruiser have been thus far designated to join this squadron. Officers and sailors have been hurriedly recalled from leave of absence, several battleships and cruisers at Portsmouth are taking their full crews on board and other warlike preparations are being made. A number of signal men, now on duty with the British channel squadron, which arrived at Gibraltar this morning, have been ordered home for service, it is presumed, on board the auxilliary cruisers, if the latter should be required for active service.

RUSSIAN SPY ARRESTED.

A sensation has been caused by the arrest this morning of a supposed Russian spy at a fort near Harwich. The man was already under surveilance and went to a redoubt where he tried to obtain some information from a sentry regarding the fortifications. He was promptly arrested and inquiries are being made regarding his antecedents.

It was also asserted today that the commanding officers of the London volunteer regiments had received orders to prepare for immediate mobilization, and it was asserted that the different artillery corps have been informed as to the forts on the southern and eastern coasts to which they have been allotted.

TONE OF THE LONDON PRESS.

The Pall Mall Gazette this afternoon says:

"England has been and even now is so near war that the government has carried its preparations to the farthest limit of the preparatory stage. It has been arranged to call out the reserves and militia and to mobilize the volunteers simultaneously and to form large camps at various important railroad junctions, where rolling stock and locomotives will be concentrated."

FRANCE WILL WITHDRAW.

PARIS, Oct. 31.—The Eclair, today says it learns on reliable authority that the Fashoda question will be settled favorably to Great Britian by the recall of Major Marchand. France, the paper adds yields all, reserving only the question of the right to the Bahr-El Ghazal district, which she does not consider as belonging to Egypt. Continuing, the Eclair remarks:

"M. Delcasse, however, has now decided to raise the whole Egyptian question, which should have been done from the first and thus avoiding the humiliation of yielding to the British ultimatum. When the question is thus enlarged, France will not be alone in its discussion with the marquis of Salisbury. Egypt interests all the powers. Russia has promised M. Delcasse its most effective assistance, and besides Germany has the biggest interert, in view of her east African possessions and trade in the far east, that the Suez canal should not become exclusively British, and is disposed to support Franco-Russian arguments for a definite settlement of the Egyptian question."

REPORT FROM BAHIA.

Battleships Oregon and Iowa Now Near That Port.

WASHINGTON, Oct. 31.—The Celtic, one of the colliers which is accompanying the battleships Oregon and Iowa on their voyage to Honolulu, put in at Bahia today and cabled notice of her arrival to the department. As the Celtic left Tompkinsville at the same time as the battleships, it is expected at the department that the latter will also arrive at Bahia in the course of a day or two.

DETERMINED TO DIE.

A Cleveland Couple Bind Themselves Together and Leap Into the Lake.

CLEVELAND, Ohio, Oct. 31.—A desperate attempt to commit suicide was made early today by Rose Laurer, aged twenty-two, of No. 840 Lake street, and J. E. Clerkner, aged thirty-two, of No. 264 Case avenue. The couple walked out to the end of the dock of the Cleveland Yacht club at the foot of Erie street and tied themselves together with strips torn from a bed sheet. They then jumped into the lake.

Two Lake Shore railroad detectives were in the vicinity and witnessed the act. They at once ran and dived into the icy water after the couple.

The man and woman had already sunk several times, but were finally rescued after a long struggle on the part of the detectives.

Both were taken to a hospital. Clerkner is a conductor on the Cleveland and Pittsburg road. Beyond saying that they were tired of living the couple would give no reason for their attempted suicide.

HELD THE TRAIN.

Colored Soldiers Successfully Defy a Railroad.

The Officers Wanted to Get Something to Eat and Ordered the Troops to Hold the Train.

KNOXVILLE, Tenn., Oct. 31.—There was quite a disturance at the railroad station here about midnight last night. A battalion of the Tenth colored cavalry was passing through on its way from the Philadelphia jubilee to headquarters at Huntsville, Ala., and at this point they refused to allow the train to proceed under the orders of the railroad authorities. The officers of the battalion left the train at Knoxville to get something to eat, with instructians to the men not to allow it to leave the station until their return.

The railroad officials wanted to move the train before the officers returned and the soldiers would not permit it.

It is alleged by the railroad authorities that the officers went up town and remained away for an hour or more, leaving the train standing on the main track.

The railroad people became impatient and attempted to move the train but some of the troops boarded the engine and ordered the engineer not to start.

The railroad superintendent then appealed to General McCook of the war investigating commissiou to interfere, but being a retired officer he referred them to the commanding officer of the post. In the meantime the officers of the battallion returned and the train moved off.

The soldiers complained to bystanders that the train was not properly provided for their convenience and said this was the reason of the disturbance. This the railroad people deny.

MISS OLIVER HAS ARRIVED.

She Will Read From "Bonnie Briar Bush" at Plymouth Church Tonight.

Miss Oliver, who delighted an invited company in this city at Kimball hall a few weeks ago with her readings from J. M. Barrie's "Little Minister," will be heard at Plymouth Congregational church this evening in readings from Ian Maclaren's masterpiece, "Beside the Bonnie Briar Bush."

Miss Oliver easily outranks all other readers in this country in rendition of the Scotch dialect. She has read for Ian Maclaren and that celebrated author is said to have been astonished and delighted with Miss Oliver's conception of his quaint Scottish folk. Those who are familiar with "Bonnie Briar Bush" will be able to read Dr. Watson's book with new delight after hearing Miss Oliver, and those who have not read it will surely want to.

In short Miss Oliver's reading tonight will be something so rich in artistic treatment of her very interesting and difficult field that no one can well afford to miss it.

Following is the program of Scotch character sketches:

Captain Carter's Case.

WASHINGTON, Oct. 31.—It is expected that the case of Captain Carter, of the engineer corps, will be disposed of this week. The papers in this case are now with the president, and have received his careful consideration. The friends of Captain Carter have petitioned the president for a hearing to present some statements as to facts and law in the case. This request has been granted by the president and he will hear the case during the week.

WANT WHOLE GROUP

All the Philippines Demanded of Spain.

Matter Presented to the Spanish Commissioners.

America Will Assume Part of the Bonded Debt.

After a Short Joint Session Spain's Envoys Ask Until Friday to Make a Reply.

PARIS, Oct. 31.—The American commissioners presented a written expression of the purpose of the United States to take the entire group of Philippine islands and to assume such proportions of the Philippine debt as has been spent for the benefit of the islands or their inhabitants, in public works, improvements and permanent betterments.

It was also set forth that the United States would not assume any part of the Philippine debt which had been incurred by Spain for the furtherance of military or naval operations to quell insurrections of the natives.

The session was adjourned until Friday, in order to give the Spaniards time to prepare a reply.

The session today lasted a little over an hour.

THE JOINT MEETING.

The American commissioners, each carrying a portfolio containing records and personal memoranda, left their quarters in the Continental hotel for the meeting with the Spanish commissioners, at the foreign office, shortly before 2 o'clock this afternoon. The president of the Spanish commission, Senor Monetro Rios, whose health at one time was so precarious as to threaten an indefinite adjournment of the sessions of the commissions, had improved to the extent of enabling him to attend today's meeting. He arrived at the foreign office in a closed carriage with his colleagues, shortly after the Americans reached the meeting place.

Shortly after 2 o'clock the ten commissioners confronted each other across the table on which, in 1783, Benjamin Franklin and his colleagues signed the treaty of independence of the United States.

IN LINE WITH INSTUCTIONS.

WASHINGTON, Oct. 31.—The advices from Paris to the effect that the United States peace commissioners have demanded the cession to the United States of the entire Philippine group is in line with the instructions that have been issued to the representatives of the United States. Up to a very recent date the United States commissioners had no precise instructions on this vital point. Of course before they departed from Washington much consideration had been given to this important subject by the president, Secretary Day, Assistant Secretary Moore and the members of the commission. But there was a lack of data as to the financial and political affairs of the Philippines and so it happened that when the United States commissioners sailed they were not committed beyond change to any line of policy. A majority of their number leaned towards a restriction of the demands to be put forth as to the Philippines, varying all the way from the retention of Manila bay and the immediate surrounding country, to the acquisition of the whole island of Luzon.

That represented about the extreme demand that was in mind when the commisson left. But since that time that the president has become convinced that there is a great popular demand for the annexation to the United States of the whole Philippine group, and he is disposed to defer to that sentiment.

MAY BUY ORMONDE.

Reported Offer of the Duke of Westminster to Owner MacDonough.

SAN FRANCISCO, Cal., Oct 31.—If reports speak truly Ormonde, "the horse of the century," for which W. O. B. MacDonough paid $150,000 a few years ago, will soon be on his way back to England.

It is said that the duke of Westminster, his former owner, has offered $50,000 for the famous thoroughbred stallion, and that Mr. MacDonough is likely to accept.

It is stated that the duke of Westminster has been trying for some time to regain possession of the horse. He offered $30,000 several weeks ago, but the information was conveyed to him that a much larger sum would need be forthcoming before Ormonde would be allowed to leave California.

Oscar Wobrock is preparing to open a first-class restaurant in Muncie. Oscar is a thorough restaurateur and will give to Muncieites only the best of service.

ARRESTED AS ANARCHISTS

Two Men Arrive at Ponce With a Number of Dynamite Cartridges.

PONCE, Porto Rico, Oct. 31.—A sensation was caused here yesterday on the arrival of the Red D Line steamer Philadelphia, from the Spanish main, by the discovery in the handbags of two passengers of a number of explosive cartridges containing dynamite.

The discovery was made by the customs officials, and the passengers were arrested on the supposition that they are anarchists.

The police, who fear that others belonging to the gang have escaped, are making a strict search.

DR. KAPPEL DEAD.

Allen County Coroner Succumbs This Morning.

His Death Due to Complications—John W. Threadgall Passes Away—Other Deaths and Funerals.

At 5 o'clock this morning Dr. John H. Kappel, coroner of Allen county, died at home, 180 East Washington street, after an illness of nearly two months. His death was due to typhoid malarial fever and pneumonia. The doctor's condition has been at no time since his illness so favorable as to give the attending physician, Dr. W. H. Myers, any hopes of his recovery, but the worst phase of the affliction became apparent when the pneumonia symptoms set in. Since then the patient was delirious much of the time.

Dr. Kappel was twenty-eight years old. He was born in Fort Wayne, received a common school education in the St. Mary's Catholic schools, after which he embarked in the painting business with his brother.

Taking a fancy to the life of a physician he entered the Fort Wayne College of Medicine, with the intention of entering the profession. He graduated from the institution in 1892, after a three years' course, and soon after he went to Berlin, Germany, and took a post-graduate course. Shortly afterwards he was married, and the widow and an eight-month-old son survive him. Dr. Kappel was elected coroner on the democratic ticket last election, and was serving the last half of his term at the time of his death. He enjoyed a large practice and his future was indeed bright until his health began to fail. Mrs. Catherine Kappel, of 180 East Washington street, is the mother of the deceased.

THREADGALL.

John W. Threadgall, aged eighty-four years, died last evening at his home, 70 Dawson street, of cancer, from which disease he had long been a sufferer. Deceased was born in England, Suffolk county, May 1, 1815. He came to this country at the age of fourteen, locating at Albany, N. Y., and he lived there until his marriage, September 13, 1841, when he moved to Fort Wayne. He was for seventeen years a janitor in the public schools and was one of the old and respected citizens of Fort Wayne. He was a member of the Baptist church. Five children and nineteen grandchildren survive. Nine children preceded him to the grave. The surviving children are: John, Chicago; James, Albany, N. Y.; Joseph, Wisconsin; George, Kansas; Harry, St. Louis. Prof. C. W. Threadgall, of this city, is a grandson, being the son of John E. Threadgall, of Chicago. The funeral will take place Wednesday at 1:30 p. m., from the house, and 2 o'clock from the First Baptist church. The pall bearers will be William Carter, A. H. Polhamus, S. F. Bowser, J. A. Gavin, A. C. Beaver and A. Gates.

SPEREISEN.

Victor Spereisen died at the St. Joseph hospital Sunday afternoon, from paralysis. He was stricken with the disease five weeks ago. The deceased was fifty-one years of age, and immigrated to this country with his parents in 1852. He lived since then in Allen county. He was the only survivor of a large family, his nearest relatives being cousins, who are: K. J. Bauer and Mesdames Catharine Buhr and Mary Heidenrich, of this city; Vincent Bauer, of Ashkon, Ills.; Edward B. Bauer, of St. Louis, Mo., and Joseph Bauer, of Grand Junction, Col. He was a charter member of St. Aloysius society of St. Mary's Catholic church, and also a member of long standing in the Young Men's sodality. Both societies will attend the funeral in a body. The funeral services will be held at 1:30 o'clock tomorrow afternoon from the residence of K. J. Bauer, No. 38 Douglass avenue, and at 2 o'clock from St. Mary's Catholic church, Very Rev. J. H. Oechtering officiating.

MORIARTY.

Maurice Moriarty, of Los Angeles, Colo., passed to the great beyond at Pueblo, Colo., Friday. The deceased was the son of Mrs. Mary Moriarty, of New Haven, and was born and raised in that town. For several years he was chief of the fire department at Los Angeles. Besides his mother he is survived by two brothers—E. C. Moriarty, of Lafayette, and H. C. Moriarty, a member of the Zollinger battery. The remains will be brought to New Haven for interment, the funeral services to be held from St. John's Catholic church.

LOPSHIRE.

George Lopshire, a pioneer farmer of Lafayette township, living near Nine Mile, died last Thursday, of heart disease. The deceased was born in Starke county, Ohio, June 20, 1825, and his age was seventy-three years, four months and seven days. He married Margaret Miller in 1845, and she, with four children, survive him. The children are Oliver J., Sarah J., George A., and Lewis A. Three others preceded their father to eternal rest. The funeral took place last Sunday and the interment was in the Fogwell cemetery, near Nine Mile.

FEY.

Conrad Fey, aged fifty-six years, died at the county asylum last night of consumption. For some years the deceased was employed in the saloon of Henry Brown. The funeral took place this afternoon.

GRAYSON.

John Grayson, colored, died at the St. Joseph hospital last evening of dropsy. He was brought here from Montpelier recently for treatment. He was fifty-one years old, and his only known relatives, two sisters, reside at Cleveland. A telegram asking for instructions as to disposition of the body has been sent to them.

MAY DEFEAT QUAY.

Very Hot Campaign Now On in the Keystone State.

Significance of the Great Struggle Against the Republican Boss—Dr. Swallow's Chances of Success.

PHILADELPHIA, Pa., Oct. 31.—The political fight in Pennsylvania—the bitterest one in years—is at its height. Matthew S. Quay, republican boss and United States senator, is on one side, and the Rev. Silas C. Swallow, independent and prohibitionist, backed by the revolting republicans, is on the other.

Politicians predict that Quay will elect his man, William A. Stone, for governor, and they declare that Dr. Swallow's strength is overestimated; yet the prohibitionists claim his election, and Quay's men are plainly worried.

George A. Jenks, the democratic candidate, is credited by the politicians with having the best chance after Stone; yet it would not surprise the public if Dr. Swallow should run second, and his election is by no means improbable, judging by the wonderful showing he made last year as candidate for treasurer, when he received 119,000 votes, against 372,488 for the republican and 242,371 for the democratic candidate.

Around Dr. Swallow all the independents, prohibitionists and disaffected republicans have gathered on the platform "Thou shalt not steal." No less a man than John Wanamaker, the great merchant and former postmaster-general, is back of Dr. Swallow and his campaign. He is not indorsing him openly in his speeches, but he is assailing Quayism, the scandals of Quay administrations, the charges against recent treasurers of the state and the recent exposures in which Mr. Quay has been accused of conspiracy in regard to public funds and their treatment. He has said good things about both of the men opposing the republican candidate, but most about Dr. Swallow.

Mr. Wanamaker's campaign is not without personal interest, however, for he has a great desire to succeed Mr. Quay in the senate. Mr. Quay directed a fight against Wanamaker when that gentleman was defeated for the senate by Boies Penrose, and to Mr. Quay Mr. Wanamaker is also indebted for the defeat of his gubernatorial aspirations. Therefore Mr. Wanamaker has entered heartily into the anti-Quay campaign, and with Dr. Swallow and other independents he has succeeded in placing fusion candidates in every legislative district where there seems to be any chance to defeat a Quay man. And as a result, although there will be a republican majority, it is claimed that Quay is now nearer defeat than at any time in his long political career.

In spite of the apparently strong republican complexion of the legislature on joint ballot, it is predicted that the fight for United States senator will be one of the fiercest ever known in the state, and some are confident that Senator Quay's Waterloo is at hand.

The congressional delegation from Pennsylvania will be strongly republican, the democratic maximum gain being estimated at two out of a total of thirty, which would make the congressman from the state stand: Republicans, twenty-five; democrats, five.

Judge L. M. Ninde Vindicates Judge Dawson.

Editor of Daily Sentinel:

My attention has been called to a circular published by Mr. William Miller, a former partner of one Bottenberg, in the junk business. I remember the case. I, in fact, participated in the trial as the attorney of Mr. Miller's brother. I was against Bottenburg. I was present during all of the trial and the same was conducted as all other trials are, and I am perfectly satisfied that in all the rulings and decisions given by Judge Dawson, before whom the cause was tried, he was guided alone by his best judgment and that Mr. Miller had a perfectly fair trial.

I am confident that Judge Dawson had no prejudice or personal feeling in the cause whatever.

L. M. NINDE.

The Woman's Christian Temperance Union will meet tomorrow afternoon at 2:30 o'clock, at Westminster church.

Fort Wayne lodge, No. 116, K. of P., will confer the second rank upon several candidates this evening.

THE LAW TO STAND.

The States May Tax Foreign Corporations.

A Far-Reaching Decision by the Supreme Court.

The New York State Tax Law is Upheld.

Principle Settled That a State May Impose Conditions on a Foreign Corporation Doing Business Within Its Limits.

WASHINGTON, Oct. 31.—The United States supreme court today announced its decision sustaining the constitutionality of that feature of the tax laws of New York which lays a tax on foreign corporations doing business in the state, according to the capital employed. The case was instituted against James A. Roberts, comptroller of the state of New York, to test the law and to vacate an assessment made on the capital of a large western drug house having a branch in New York city.

The lower court sustained the validity of the law, and the supreme court now affirms this decision. Judge Shiras, in announcing the court's opinion, said the law was settled that a state may impose such conditions for permitting a foreign corporation to do business within its limits as it may judge expedient, and that it may make the grant dependent upon the payment of a specific license tax, or a sum proportioned to the amount of its capital used within the state.

This was not, the court held, a discrimination against the products of outside states.

Justice Harlan announced the dissent of himself and Justice Brown. He said the former decisions of this court had been uniform against state laws which favored domestic firms, corporations or persons as against those from other states. If each state set up a system of special taxes on these outside bodies, then it would in the aggregate amount to a sort of protective tariff system, overcoming the freedom of trade between the states.

THE ROOT WILL

Was Filed for Probate by Judge R. S. Alden.

Hon. T. E. Ellison, Attorney for Helen M. Lincoln, Files Some Sensational Motions—Notes.

Judge S. R. Alden this morning filed the will of the late Louis P. Root for probate. Immediately thereafter Hon. T. E. Ellison, attorney for Helen M. Lincoln, who contests the will, filed a motion asking for time in which to notify his client that the will had been filed. She resides in Stockbridge, Mass. Mr. Ellison has filed another statement with Judge O'Rourke, in which he makes some very sensational charges. The plaintiff asserts that she is entitled to one-half the estate.

REDDIN ON TRIAL.

Louis Reddin, the young man arrested with William Droegmeyer in Charles Clark's saloon, is on trial this afternoon in the circuit court. Judge O'Rourke is hearing the evidence. The affidavit alleges petit larceny, burglary and entering a house to steal. Prosecutor Doughmen and Deputy Thomas appear for the state, amd P. B. Colerick is defendant's attorney.

PATERNITY CASE SETTLED.

Joseph Roy and Roxy Beamer have settled their paternity case and the young people will be married this afternoon.

UNCLE SAM'S PRISONERS.

Sheriff Melching arrested William J. Shadewald Sunday morning at 4 o'clock on a farm near Ellison's switch. He is charged with tampering with the mails. Shadewald was keeping company with a young lady in the country near where he worked and one day, it is alleged, he came to Fort Wayne and inquired at the postoffice for the young lady's mail, which was handed him. Shadewald opened the letters and after reading them placed them in a large envelope and sent them to his ladylove. He then left the country. A warrant was issued for his arrest and placed in the hands of Deputy United States Marshal Rose's hands. Sheriff Melching received a tip Friday that Shadewald had returned to Aboite township, and sent two deputies to arrest him. He had a hearing before United States Commissioner Logan this morning and was bound over for trial.

Michael E. Bricker, charged with sending obscene literature through the mails, was taken to Indianapolis Saturday and lodged in jail there.

COMMISSIONERS COURT.

The county commissioners will meet tomorrow and make final arrangements for the approaching election. Vacancies in the inspectorships will be filled and some changes may be made in the location of voting places.

NOTES.

The case of Fred Eckart and Henry Eckart vs. Henry McKinnie and the estate of Frederick Eckart, deceased, was dismissed by Judge Dawson.

The divorce case of Isaac A. Bybee vs. Carrie L. Byall has been set for hearing in Judge Dawson's court on November 16.

Judge Dawson this morning rendered judgment on the verdict in the case of Fairfield vs LeMay. The defendant gets the cow which was the cause of the lawsuit.

Judge O'Rourke heard the evidence in the case of Hanthorn vs. Mariotte this morning and found for the defendant.

Judge Dawson heard the suit to quiet title of Louis Curdes vs. Mary Downs et al. Attorney Shambaugh, for the defendants, entered a disclaimer and title was quieted in favor of plaintiff.

Frank Alderman has commenced suit on note against Scott Swan. Demand, $1,334.

Judge O'Rourke overruled a motion for a new trial in the case of William Jobs vs. the Smith & Randall Lumber company and rendered judgment on the verdict.

In the case of Louise Hohmeyer, guardian, vs. Herman Gerdom, Judge O'Rourke foreclosed mortgage and rendered judgment for $651. In the case of Ernest Rumpf vs. Herman Gerdom the judge rendered judgment for $427.

The $2,000 damage suit of Bidde vs. the Wabash railway will come up for trial in the circuit court tomorrow.

Judge Dawson dismissed the case of Charles J. Dolan vs. Ben Rothschild et al.

Paul Niedemeyer was arranged in the superior court this morning for contempt of court. Judge Dawson discharged him because the affidavit alleging contempt was insufficient.

Attorney John Aiken this afternoon gave notice that he would move for a new trial in the case of the state vs. John G. Sterling.

Judge Dawson dismissed the case of Mary M. Evans vs. Frederick Graffe et al.

BROKE HIS LEG.

Herman Doenges Fell From a Tree While Coon Hunting.

Brought to the City in a Big Wagon and Dr. Kesler Called to Reduce the Fracture.

Herman Doenges, of No. 24 Oliver street, went coon hunting last Saturday, and late that night was brought home with a broken leg. He had climbed up a tree after a coon and while stepping from limb to limb missed his footing and fell twenty-five feet to the ground. He could not get up, and friends assisted him to a farm house, and later brought him home in a farm wagon. Dr. Kesler was called at 4 o'clock Sunday morning, and on examination found that the bones in the left leg were broken. He reduced the fracture and Mr. Doenges is resting as easy as could be expected under the circumstances.

OTHER ACCIDENTS.

Word has reached the city that Lloyd Brenneman, of Warsaw, was the victim of a hunting accident near his home in Columbia City. The young man is well known here.

Thomas Cheviron, a driver for the L. Brames bottling works, was thrown from his wagon upon the street car tracks at the corner of Lewis and Lafayette streets, at noon last Saturday, and received two serious gashes in the scalp.

Charles Golden, the young son of Mr. and Mrs. E. J. Golden, of Wayne street, was the victim of a foot ball accident Saturday. He suffered a fractured collar bone. He was taken home and Dr. H. V. Sweringen reduced the fracture.

UPRISING THREATENED.

Young Sioux at Pine Ridge Agency Trying to Breed Trouble.

WASHINGTON, Oct. 31.—Word has reached the interior department of trouble threatened by a band of young Sioux on the Pine Ridge agency in North Dakota, who are reported to have started an organized movement for the forcible removal of Indian Agent Clapp from the reservation.

Secretary Bliss, commenting on the matter today, said that despite the claims of the young braves who threaten to take steps themselves unless the secretary orders the change, there was nothing on file at the department that is adverse to Agent Clapp, that the agent is an army officer who is executing his duties satisfactorily and that the question of removal or transfer is not to be entertained.

LOCAL LINES.

MAY HASTEN HOME.

Emperor William Will Cut His Visit Short.

His Stay in the Holy Land to be Curtailed.

European Disturbances Give Him Some Anxiety.

The French Cabinet Constructed by M. Dupuy is Announced—Mr. Peck Presented to M. Faure.

JERUSALEM, Oct. 31.—The emperor and empress of Germany are curtailing their visit to the Holy Land. They have abandoned their trip to Jericho owing to the European complications, and it is also believed that they will not go to Syria. Their majesties this morning attended the consecration of the Church of the Redeemer. The ceremony, in which the natives took a leading part, was most impressive and was marked with the greatest pomp.

THE DREYFUS CASE.

PARIS, Oct. 31.—The criminal section of the court of cassation appointed counsellors today to proceed with a supplementary inquiry into the Dreyfus case and counsel for the Dreyfus family went to the ministry of war for the purpose of studying the secret documents in the case.

M. Lockroyd, who is still acting as minister of war pending the installation of his successor, M. De Freycinet, had some difficulties with delivering the documents and only allowed counsel to inspect certain parts of them.

THE NEW FRENCH CABINET.

PARIS, Oct. 31.—The new cabinet is constituted as follows:

Minister of Justice—M. Lebret.

Premier and Minister of the Interior—M. Dupuy.

Minister of War—M. DeFreycinet.

PRESENTED TO FAURE.

PARIS, Oct. 31.—The United States ambassador, General Horace Porter, this morning presented Ferdinand W. Peck, the United States commissioner to the Paris exposition of 1900, and the latter's colleagues, to President Faure.

WILL SUCCEED WISE.

Professor McMillan Chosen by the School Board.

He Will Enter Upon His Duties Tomorrow Morning—A Graduate of Indiana State University.

The school board has elected Professor MacMillan, of Brookville, to succeed Professor Harry Wise, as teacher of English in the Fort Wayne high school. Mr. MacMillan came here Saturday and was to have been temporarily employed, but the board was impressed with his ability and decided to retain him permanently. Professor MacMillan is a graduate of Indiana university and was for a time teacher of English in that institution. He comes highly recommended as an educator. The new professor will take charge of the department Tuesday morning.

SAMPSON DID NOT ATTEND.

Refused to Lend His Presence to an Anti-Catholic Meeting.

NEW YORK, Oct. 31.—A dispatch to the Herald from Havana says:

Rear Admiral Sampson did not attend the services in the Independent church, as he was advertised to do. This fact has given a great deal of satisfaction to Americans here, who feared that his presence might be used to give a semi-official indorsement to an anti-Catholic meeting.

The bull fight and base ball game advertised for Sunday were vetoed by the civil governor, the former owing to the alleged fraudulent means used in advertising it and the latter because the license to play was not obtained. These are the official reasons given, but the real reason was probably to prevent trouble with the soldiers and the fear of a riot.

Minstrel Man Dies.

CINCINNATI, Oct. 31.—Harry Noran, a member of Al G. Field's minstrels, arrived yesterday from Knoxville, en route to his home in Akron, Ohio. He was hastening to his parents on account of sickness, but could proceed no further yesterday and died here today at the hospital.

FORT WAYNE has a curfew law, Mayor Scherer. What are you doing about it?

SPAIN'S throne is tottering, says a newspaper. That was true when the cradle of the boy king was being rocked.

PARIS has cooled off and the populace is again settling down to that normal state which finds all recompenses for existence in gossip and absinthe.

THIS "new policy" and these "new questions" which have come out of the war are matters in which democrats as well as republicans must find the grave duty of interest and participation. Democrats should vote for their congressional candidates and have representation in the shaping of the nation's new policy, if the nation is to have one.

PROBABLY the worst of the anti-Dreyfus feeling in Paris has manifested it-elf and sentiment hostile to the prisoner of Devil's island has burned out in its own heat. It seems likely that if Dreyfus is innocent justice is to be done him. The court of cassation, the highest tribunal of appeal in France, has granted a retrial of the case, and the appalling disclosures by Colonel Henry, Colonel Picquart and even by Major Esterhazy himself, can hardly have any other effect than the acquittal of the unfortunate Dreyfus.

THROUGH the Washington correspondents of republican newspapers the republican congressional campaign committee is filling the country with the cry that Spain, encouraged by the activity of the democrats in the present campaign, threaten to break off peace negotiations and resume the war and appeal to the European powers for support. This is simply rank nonsense, much more absurd than the usual brand of campaign buncombe. Spain may break off peace negotiations if she likes. That will simply be an excuse to complete conquest by this country the Philippine Islands and Porto Rico and Mr. Sagasta's fleet and Merritt's soldiers will make short work of that. As for resuming hostilities, Spain has had enough of that and her people have had more than enough. What will she resume with? Her fleet is gone. Her army is disorganized and ripe for mutiny if fighting is forced upon it. The opportune moment for European interference passed last spring. In the sporting vernacular, Spain "is a dead one." The concert of powers will give her no aid. The powers have plenty of racket on their own account in prospect. The election next week can in no way affect the conclusion of peace.

LATE reports from Indianapolis say the Twenty-eighth battery from this city will be mustered out of the United States service and permitted to come home today. It is time the boys were mustered out; in fact, long past time. They are of no service to the government, the affairs of the company were long ago put in shape for the mustering out of the men and it has been a profound mystery why they were being kept in camp at the state fair grounds. When the infantry companies from this city will be mustered out no one seems able to say definitely. Three weeks ago today the furlough of the One Hundred and Fifty-seventh regiment expired and the boys returned to camp, expecting to be mustered out in a few days. Something is wrong that they should be kept in camp all these weeks. The stories that come from Indianapolis of the condition of affairs in camp most urgently call for action that will get the soldiers away from there and back to their homes. The Indianapolis News has made some disclosures of a most revolting kind concerning the camp. There seems to be no one in command and the boys have been left largely to follow their own devices. There may be no politics in the detention of the boys in camp, but there is likely to be if they are not soon sent home.

MR. HARRISON'S LETTER.

It will be small satisfaction to the Indiana republicans who had hoped Former President Harrison would make a speech-making tour through the state this week to know they must be contented with his epistle to the Hoosiers. Mr. Harrison is not in accord with the expressions of Mr. Beveridge and Mr. Hornly and many of the party organs on the present status of the silver issue. From those speakers and newspapers the Indiana electorate has been assured that the silver issue "is dead" and forever buried. Mr. Harrison seems to have great fear that the gold standard is menaced by the approaching election, and appeals to all republicans and gold democrats as well to take counsel of his own fears. In giving the financial issue first importance in his view, Mr. Harrison goes squarely back on the formal campaign policy of the republican party throughout the country, which for the last two weeks has been to create a political bugaboo out of the war settlement, to urge that a democratic victory will imperil peace, if not provoke a renewing of hostilities with Spain, who, with the balance of Europe, is likely to view in a democratic victory a repudiation of the administration for prosecuting a war that would have never been fought but for the persistence with which the democrats in congress forced the Cuban issue to the front. When Mr. Harrison says "our foreign relations are still acute and unsettled," he can only refer to our relations with Spain and the American peace commissioners in Paris are making such progress as will have a definite and permanent peace treaty ready for signature before Christmas. So far as Spain is concerned Cuba and Porto Rico are out of her hands forever, and with their affairs she will have nothing more to do. The question of the Philippines alone remains to be settled. If our peace envoys demand them Spain must yield from sheer powerlessness to resist. Whether the United States under the guise of assuming a certain part of the Philippine bonded debt shall pay to Spain an indemnity for thrashing her in this war is a proposal to which the American commission and the president, as well, seem disposed to accede, and is one for which the administration must assume responsibility. From the urgency with which Mr. Harrison and other republicans appeal for a "holding up of the president's hands" it would appear that next in order would be a declaration from some authoritative source in precise terms of what the president wants from Spain. At so late a day as his tour of Indiana and Illinois, less than two weeks ago, the president was stated to be "feeling" the people on the expansion question, which was to say that he was trying to resolve his own doubt. When a crisis confronted the nation and war convulsed the land the country was united in support of the president with a loyalty never known before. Now the war is over, victory is ours and we are dictating peace, not treating for it. We have domestic questions to settle, one of them, as Mr. Harrison admits, of first importance, and the war issue cannot constitute the dividing line of parties at this time.

ONLY A LETTER.

Benjamin Harrison Will Not Speak in Indiana.

Writes a Letter in Which He Urges the Voters to Look Out for the Silver Issue.

INDIANAPOLIS, Ind., Oct. 31.—Chairman Hernly of the republican state central committee recently invited ex-President Harrison to take part in the campaign. The ex-president has sent Mr. Hernly a letter, in which, after saying that important legal business will occupy his time for several weeks, he discusses national questions as follows:

"In New York, where I was recently, the democratic party has pushed aside the free silver question and is making a campaign upon the theory that national issues, and especially the free silver question, are not involved. In Indiana the case is quite different. The democratic party here has affirmed with emphasis the Chicago platform of 1896, and in our own district I understand the democratic candidate for congress is strongly urging upon the people the issue of free silver coinage at the ratio of 16 to 1.

"Now, whatever may be the case in New York, here a democratic success would distinctly set forward and strengthen the propaganda for free silver coinage. In New York many democrats who affiliated with the republican party in 1896 are saying that the silver issue is not involved, but men of that faith certainly cannot say so in Indiana. It seems to me that it would be a distinct set back for the cause of honest money and a distinct injury to the state of Indiana if in a year so prosperous as this a majority of our people should vote for the free coinage of silver. Honest money democrats, who had hoped that that issue might not meet them again in a democratic national convention will help to make its appearance there certain if they aid in securing a democratic victory in Indiana this year.

"The apparent settlement of that issue in 1896 contributed immensely to bring the prosperity which we now enjoy, to give confidence to capital and to secure work and wages to good money to the workingman. Those classes were awake then to the vital importance of this issue and responded with an overwhelming negative. It would be an unpleasant thing to contemplate if, while in the enjoyment of the fruits of that victory any of those who supported the cause of sound money in 1896 should now, either from lobbying or plan, or through the influence of labor questions, be led either actively or passively to give their aid to the revival and perpetuation of this disturbing influence.

"I cannot understand why any republican in the state should withhold either his influence or his vote from the republican ticket. Small differences as to the details of administration and smaller differences growing out of personal disappointments should be put utterly aside.

"Another consideration, I think, should strongly influence the voters of the state. The nation went into a war with Spain, supported by the moral sentiment of the great majority of our people of all parties. It was felt that as to Cuba there was a distinct call upon the United States to interpose for the ending of the Spanish cruelties and misgovernment there. The firing lines have been withdrawn and our ships are largely in our own harbors, after achievements on land and sea that have given increased fame to American arms, but our foreign relations are still acute and unsettled, and the appeal to which the response was so generous and non-partisan at the beginning of the war, to stand by our own country and its executive and administrative officers, should still be felt and responded to.

"Our election results should not give or even seem to give encouragement to those who would find in our discords and divided counsels their advantage. Our British cousins have the good habit of standing by when their nation is conducting delicate and irritating foreign questions. Very truly yours,

"BENJAMIN HARRISON."

THE WONDERLAND.

Stouder & Smith's Popular Family Resort Opens Next Monday in Splendor.

The Wonderland opens one week from tonight, with the most formidable list of attractions ever presented in this city, combining in their make up amusements of all kinds that are respectable, entertaining and scientific as well. Messrs. Stouder & Smith will cater especially to ladies and children, and will conduct their new enterprise in a manner that all can go there with perfect freedom and without an escort. No attraction will be tolerated that is not fit for the most chaste and refined person in the world. There will be but one price of admission, and that will be ten cents to all. There will be three performances daily, and the fairer sex is repectfully urged to attend the matinees in order to avoid the crowds at night.

For the opening week, in the spacious curio halls, will be seen Harrison, the miner from the Klondike, with all his tools and implements as used by him in the cold regions of Alaska and the Yukon. This is not a wild west show, but a strictly up to date entertaining sight. There will be Lola, the mental phenomenon, whose feats of second sight and wonderful calculative power have startled the civilized world; Texas Jack, the famous cowboy whittler, who does more work with one arm than most people can with two; Enoch, the man fish, who eats, drinks, plays musical instruments and does all sorts of wonderful work under the water; Manweiler, the Venician glass blower and others.

In the theater, Managers Stouder & Smith have booked a list of attractions that would grace the stage of their Temple Opera house. Among the many new and up to the times attractions will be the kings of burlesque, Kenno and Wayne, the famous funny men who for the first time present their act in this city; the Rutherford sisters, Alma and Geneveive, in songs and dances, their first appearance here; Mons Mathieu, the novelty juggler, now playing on the Kohl and Castle circuit, Chicago, closing next Saturday night a six weeks' engagement there and the great Middleton's in their special act, presenting the Royal Marionettes, an entertainment in itself consisting of mechanical figures in life-like dress, presenting a pantomime Humpty Dumpty, interspersed with songs, dances, etc. This is one of the most expensive attractions on the boards and has been engaged for one week only at an enormous salary. Many other interesting features, too numerous to mention, will be presented, and altogether Stouder & Smith have struck the chord of popular approval, as is attested from the many congratulations they are receiving on all sides for opening up a people's popular pleasure palace.

A WORTHY REFORM.

Better Care for Prisoners is Strongly Urged.

A Cogent Discussion of the Matter Given by Rev. J. S. Ainslie in Plymouth Congregational Church.

In his discourse at Plymouth church, last evening, upon "Our Duty to the Prisoner," Rev. J. S. Ainslie said that public sentiment ought to be aroused against the present county jails. "What is a jail today but a school of crime? General Brinkerhoff has said: To establish a school in crime requires (1) teachers skilled in the theory and practice of crime, (2) pupils with inclination, opportunity and leisure to learn; (3) a place of meeting together. All these requirements are provided and paid for by the public in the erection and management of our county jails. With less than a half-dozen exceptions, all the jails and city prisons of the United States are schools of this kind, and it is difficult to conceive how a more efficient system for the education of criminals could be devised. Hardened criminals mingle with the boys or young men committed for the first offense, and so the young are poisoned.'

"The taxpayers of Allen county would have shown better sense if they had put $100,000 less into our magnificent court house and with that money built a jail in harmony with the principles of prison reform and of a Christian civilization. Let us have a new jail that will embody the principle of the bill of rights in our state constitution, which declares that 'The penal code of this state shall be founded on the principles of reformation, and not of vindictive justice.'"

PLAYS FOR HOOSIERS.

"On the Wabash" at Temple Tuesday Night—"The Hoosier Doctor."

Tomorrow night, at the Temple, will be devoted to the first presentation here of Joseph Arthur's new Indiana piece, "On the Wabash." The rehearsals which were held in New York under the personal direction of the popular author, showed that the drama is one that will long outlive its copyright, to be still produced when the author is only a memory. The piece from the rise to the fall of the curtain is said to be a combination of sweetness and strength. It combines all the best elements of Mr. Arthur's previous productions. It was through the urgent request that the management postponed the appearance of the company in several of the largest cities in order that the play might be presented in a few places in the Indiana author's native state.

"THE HOOSIER DOCTOR."

Digby Bell, one of the most talented actors on the American stage, supported by an excellent company, will appear at the Temple Wednesday evening, in Augustus Thomas' latest play, "The Hoosier Doctor," a quaint character sketch, rich in the truth of its presentation. "The Hoosier Doctor," played delightfully by Digby Bell, is a gentle fellow who, by the time he has reached middle age, has tried various pursuits unsuccessfully and now takes up the practice of medicine. For fear of a certain woman in his family, he has concealed a marriage he has made. The townspeople misunderstand his position and he is very nearly tarred by white caps. This outline of the narrative and action, however, gives very little idea of the interest of the play and its quiet scenes of every-day life with its mingled humor and pathos.

Dr. C. B. Stemen, of this city, will deliver a political speech at South Whitley tomorrow evening.

The Gold That Glitters.

DO RICHES MAKE HAPPINESS, OR DOES HEALTH MAKE WEALTH?

The richest man cannot always be said to be the most successful, for true success is not possible without happiness. Many a wealthy man would give all he now possesses to have the health and happiness of a young athlete. Health is not hard to get and keep if good judgment is used in caring for and supplying the needs of the system. Nature often needs assistance; you sometimes abuse nature by overtaxing your nerves, your brain, or your body, and you haven't time to relax, and take the rest that you need. You must have outside help. Pabst Malt Extract, The "Best" Tonic, will supply the extra fuel, food, and strength; it is absolutely pure—an unequalled assistant to nature in giving health, vitality and strength. It will make you eat and sleep well, and cause you to feel like yourself again, or perhaps, better than you ever felt in your life. The "Best" Tonic was awarded the 100 points of perfection at the World's Fair, and was the only Malt Extract which received that honor. Your nearest druggists carry Pabst Malt Extract, The "Best" Tonic in stock.

MAKING CONVERTS.

Great Good Arising From the Berry Street M. E. Revival.

Twenty-One Conversions in Three Meetings Yesterday—Twenty-Seven Unite With the Church.

The Berry Street M. E. church had a great day yesterday. Three meetings were held, and there were twenty-one conversions, and when the day closed there were twenty-seven who had united with the church. The attendance was very large, notwithstanding the inclement weather. The congregation seemed to be in the spirit of work, and every one who was privileged to attend was greatly blessed.

There will be services each afternoon and evening except Saturday. Friday will be spent in an all-day Pentecostal service beginning at 10 a. m. and closing at 4 p. m. There will be a different leader for each hour, and the ladies of the church will serve a free lunch in the parlors of the church at 12 m. to all who will attend. There will be a sermon to men promptly at 12:15 by one of the ministers. To this service all business men, clerks, and in fact all the men of the city are most cordially invited.

REALISTIC AND IMPRESSIVE.

Lew Wallace's Wonderful Story Put Upon the Stage—Greatest Attraction of Week.

The Waltham, Mass, Free Press, speaking of the production of "Ben Hur," which will be presented by local talent at the Temple on Friday and Saturday of this week, says:

"'Ben Hur,' Lew Wallace's wonderful story of the time of Christ, was put upon the Park theater stage last night in a suberb manner, surprising to all in its excellence of management and appointments, and in the correct, realistic and impressive manner in which all the graphic scenes were carried out by the various actors. All were people of our own city. Well may that city feel proud of the constellation of talent adaptable to the requirements of so rich and lofty a production as was exhibited on this occasion. The house was well filled, the best elements of society being largely represented, and it was easy to see that an effect more than merely satisfactory prevailed throughout the audience."

NEW GUN CARRIAGES.

Cleveland Concern Finishes the First of the Disappearing Mounts.

CLEVELAND, Oct. 31.—The Walker Manufacturing company, of this city, has just finished the first of the eleven carriages for the Bullington-Crozier disappearing guns, for which it was awarded the contract last April by the government.

A test shows that everything about the big machine works with the smoothness and accuracy of clock work, the carriage being turned in five seconds. The carriage weighs 107,000 pounds and the gun 32,000 pounds. Notwithstanding its great weight, the gun is so balanced that it can be operated by hand if necessary. When finally mounted, however, all its movements will be controlled automatically, except the loading and acting. The gun will rise by the power of counterweights and its recoil will send it back again. The Walker company expect to finish a carriage every thirty days until all are completed.

DIES IN A FLAME OF OIL.

Woman Kills Herself Before Husband Because of Disappointment.

PITTSBURG, Pa., Oct. 31.—Saturday night a week ago Mrs. John Cassidy, wife of an iron worker, residing at 61 Independence street, quarreled with her husband for his failing to take her to the exposition. All last week she would not speak to him.

When he came home late last night she scolded him and said she would kill herself. Putting down her two-month-old babe she seized a can of oil. Throwing the oil over her clothing she quickly ignited it before her husband could prevent her. In an instant she was flaming like a torch.

Her husband tried to smother the fire, but the woman was so badly burned that she died.

KILLS A MIDNIGHT VISITOR.

Indiana Farmer Shoots Masked Man Who Enters His House.

EVANSVILLE, Ind., Oct. 31.—Fred Kaieser, a farmer living near Tell City, in Perry county, shot and killed John Starling, his neighbor, early Sunday morning.

Kaieser was awakened about 1 o'clock by some one on the porch calling him. He asked who was there, and at the same time seized his shotgun. No reply was received but the door opened and a man wearing a mask entered. Kaieser fired, severing the jugular vein of the intruder.

Starling's purpose was either murder or robbery, and he carried in his hand a revolver. The coroner released Kaieser.

ACTIVITY CONTINUES.

British Ship Amphion Bound for Society Isles and Others Get Ready.

VICTORIA, B. C., Oct. 31.—The departure of her majesty's ship Amphion, Sunday, for the Society islands, the French colony in the south seas, did not end the activity at the Esquimault naval station. As soon as she left the wharf at the dock yard, the dock yard crew was detailed to get the dry dock in readiness for the reception of her majesty's ship Leander. She, too, is to go on a long voyage, or at least be in readiness for any duty that she may be called upon to perform.

The most significant feature outside of the departure of the Amphion however, is the activity on her majesty's ship Imperious, Admiral Palliser's flagship. Sunday a large number of men were given shore leave, a very unusual thing on Sundays, and this morning she commenced coaling. It is understood that she goes out under orders on Thursday, but it is not likely that she will follow the Amphion, as that would leave Esquimault with a small fleet, the Leander, Icarius, two torpedo boat destroyers and two torpedo boats.

CABINET MEETS ON SUNDAY.

Informal Session Called at White House to Discuss Reports.

WASHINGTON, Oct. 31.—An informal session of the cabinet was held last night at the white house. The president embraced the opportunity afforded by the presence of several members of the cabinet to discuss with them their forthcoming annual reports.

The members of the cabinet present were Secretaries Algor, Long, Bliss and Wilson and Postmaster General Smith. Assistant Secretary of the Navy Allen, Adjutant General Corbin and Surgeon General Sternberg were with the president during a part of the evening.

The peace negotiations at Paris were referred to, but were not seriously considered, it is understood. This statement is borne out by the fact that Secretary of State Hay was not a party to the conference. It is said authoritatively that no new developments in the Paris situation have arisen during the past thirty-six hours. The president is said to believe that the negotiations will be brought to a satisfactory conclusion sooner, perhaps, than is generally expected.

LIKE THE NAIL TRUST.

Great Stoneware Combination Has Been Formed.

AKRON, Ohio, Oct. 31.—Success has at last crowned the efforts of the promoters of the combination which has for its purpose the control of the production of white, black and salt glazed stoneware in the United States and the fixing and maintaining of prices. Three meetings recently held in Chicago, Cleveland and Akron resulted in a trust being formed along the lines of the nail trust. Twenty-six concerns are interested in the combine. The combination, it is stated, was planned by the best legal talent in the country and it is claimed the trust laws will not be violated. The combination represents about 65 per cent. of the entire production of common stoneware in the United States.

The trust has already advanced the market a half cent a gallon, in some instances a cent. R. F. Kent, of Akron, is president; T. C. Robinson, of Akron, treasurer, and H. M. Linn, of Zanesville, is secretary.

MINERS ARE SHOT DOWN.

Strike Leaders at Washington, Ind., Interfere With Non-Union Laborers.

WASHINGTON, Daviess, Ind., Oct. 31.—Richard Reibmeister and Lon Ragsdale, coal strike leaders, were shot at noon yesterday by Austin Kocher, a non-union miner, who claims Ragsdale tried to hit him with a brick and that Reibmeister offered to strike him. Kocher fired five shots, two of them taking effect in Ragsdale's neck and one in Reibmeister's side. Ragsdale is badly hurt and Reibmeister is not. Kocher was arrested. It is feared the affair will cause fresh trouble between the strikers and nonunion miners.

HIGH RANK FOR DEWEY.

Naval Retirements Will Soon Make Him Senior Rear Admiral.

NEW YORK, Oct. 31.—A dispatch from Washington says:

Rear Admiral Miller will be placed on the retired list on Nov. 23d and the vacancy thus created in the grade of rear admiral will be filled by the promotion of Commodore H. C. Howison, commandant of the Boston navy yard.

Rear Admiral Bunce's retirement on Dec. 25th will make Rear Admiral Dewey the senior officer of the navy, and if congress revives the grade of admiral, as desired by Secretary Long, his appointment to that rank will follow without any further jumping.

Famous Actress Dead.

LONDON, Oct. 31.—Helen Faucit Lady Martin, the celebrated English actress, who retired from the stage many years ago, is dead. She was born in 1820 and was married in 1851 to Sir Theodore Martin K. C. B.

The Battleship Wisconsin

Will be launched in San Francisco, Saturday, November 26th. The official train carrying state officials and the christening party will start from Marinette, Milwaukee and Chicago, Saturday, November 19th, going via the Chicago, Milwaukee and St. Paul Ry. Stops will be made at St. Paul, Tacoma, Portland, San Francisco, Los Angeles and Denver. Pullman Palace sleeping cars, dining cars, observation cars for the exclusive use of the party for the entire trip, under the direction of Mr. Reau Campbell, general manager of the American Tourist association. A limited number of tickets at reduced rates covering all expenses will be sold; they include railway and sleeping car fares, meals in dining cars, hotels, carriages, etc. For details address The American Tourist Association, 1121 Marquette Building, Chicago. daw

Mrs. George Beloit will entertain the Tuesday Social club tomorrow afternoon.

The Ideal Tonic For Men and Women

One of the best-known hotel proprietors in the United States is Mr. Henry W. Lawrence, proprietor of the Bates House and Spencer House, at Indianapolis, Indiana. When a man like Mr. Lawrence tells the people everywhere to take Bicola Pills, the great blood and nerve remedy to regain their health and strength; when he tells the weak tired and nervous that the great remedy will make them strong and well, it means something coming from a man like Mr. Lawrence.

He writes that Bicola Pills gave him immediate relief from a severe attack of rheumatism and general nervousness, and he earnestly advises all sufferers from nervous and blood troubles to use Bicola Pills.

RECORDS SMASHED.

To Bob Lyons is Due the Credit.

Crestline to Fort Wayne in Two Hours and Twenty-Three Minutes--Other News.

To Engineer R. J. Lyons is due the credit of breaking the fast run record on that portion of the Pittsburg, Fort Wayne and Chicago road lying between this city and Crestline. The feat was accomplished this morning and the train was a special, bringing R. T. McDonald, the electric light magnate, home. Yesterday Mr. Law received a dispatch from Mr. McDonald, stating that the latter gentleman would arrive in Crestline at 5:30 this morning, over the Big Four road, and inquiring if arrangements could be made to meet him there with a special train. The answer was in the affirmative and a coach and engine 94 were dispatched to Crestline for that purpose. The special left Crestline at 5:46 o'clock and stopped at the depot in this city at 8:09 o'clock, having covered the 131 and 6-10th miles in 143 minutes, including stops. Delays occurred as follows: Two minutes at the Toledo and Ohio Central crossing at Bucyrus, two minutes by reason of the slow up at Forest, five minutes at Lima in taking water and three minutes at V. A. tower, getting orders, making a total loss of time of twelve minutes. This deducted from the time consumed in making the run leaves the actual running time at 131 minutes and beats all previous records one minute. This run is all the more remarkable because the engineer who made it is comparatively young in the passenger service, having had but very little experience in that line, though he has handled fast freight trains for some years. The other members of the train's crew were Conductor G. J. Tuckey, Brakeman A. D. Craig and Fireman C. W. Larimore. Engineers Ed. McDonald and Michael Shea each have the credit of making the run from Crestline to this city in two hours and twenty four minutes.

TWO SOLDIER TRAINS ON THE NICKEL PLATE.

Two special trains, bearing the Third Wisconsin regiment homeward, passed through the city yesterday morning, over the Nickel Plate. Each train stopped here several minutes and the men were allowed to get off the cars and stroll about. Like all soldiers who have been restricted to the regular army "grub," the boys were hungry for fruit and cakes, and when given their liberty in that line yesterday they were not long in finding the fruit stands and bakeries and laying in a good supply. One dealer on Calhoun street sold several hundred baskets of grapes—all he had in stock—and the restaurants in that part of the city sold about all the pies and cakes they had on hand. This regiment came from Porto Rico, where it passed through some of the hardships of war. When it left for that island, it numbered 1,350 men and officers and when it arrived in New York on the return trip there were only 550 men and officers. About three hundred had died and the other absent ones were still in the hospitals, sick with disease contracted in the fever infected island. Governor Scofield accompanied the regiment, riding on the first section of the train. The train crews were: On the Third district—first train, Conductor W. H. Epps, Engineer Al Baer and Fireman D. Vreeland with engine 92; second train, Conductor D. L. Billings, Engineer George Stevens and Fireman John Dickson. On the Fourth district—first train, Conductor R. C. Ross, Engineer J. C. Lynch and Fireman W. Ostman with engine 12; second train, Conductor G. M. Sauer, Engineer C. Sliter and Fireman S. Strayer with engine 151.

PENNSYLVANIA POLICE MEET HERE.

The men who comprise the Pennsylvania company's police force for the western division of the Pittsburg road held a meeting in Captain H. C. Stoll's office yesterday. Besides Superintendent C. D. Law, Captain Stoll and Lieutenant William M. Somers, there were twelve officers present. Mr. Law and Mr. Stoll addressed the assemblage upon matters pertaining to the calling of the men. The department is in fine shape, and this fact was referred to by the speakers, who complimented the men.

A GOOD PIECE OF DETECTIVE WORK.

Thomas Wilkinson, the Nickel Plate detective, ably assisted the Chicago police force last Friday night in landing six criminals. The alleged crooks are Thomas Kennody, Charles Madjeski, Patrick McNamara, William Hagan, James Brady and William Jones, the latter colored. They are accused of train robbery and other thefts. A week ago last Saturday Patrick McNamara and Charles Madjeski broke into a Nickel Plate car in the Chicago yards, near Brighton park, and stole a number of expensive fur wraps. In getting the goods from the car the thieves were discovered by the conductor, who rushed up and grabbed one of them. He was attacked by the other thief, who had a coupling pin as a weapon, and was obliged to release his prisoner and the two got away with the wraps. Mr. Wilkinson got on the trail and in a few hours had the two trainrobbers and four of their pals in the Desplaines street station. The following morning the "gang" was arraigned in police court and their cases set for hearing next Friday. These men are said to be the chief part of a gang that has operated from Chicago to Fort Wayne and Toledo for some time and has caused much loss and great annoyance to the railways in this part of the country.

MANAGER RAMSEY HERE TODAY.

Vice President and General Manager Joseph Ramsey, jr., of the Wabash, and his subordinate officials arrived in the city this afternoon at 1:20 and after a brief stop, continued on to Toledo. He will return here at 8:15 tonight, his train running as a second No. 3. Mr. Ramsey is out on his annual inspection of the company's property.

General and Local Gossip.

After a few days' illness F. C. Turner, the coppersmith, resumed work in the Pittsburg shops this morning.

William Hensil, machinist at the Bass works, has recovered from an illness, and this morning resumed his duties in the shop.

Machinist Pat Bresnahan has returned to his duties in the Pittsburg shops, after an absence of three days on account of sickness.

Henry Grassmyer, who had been a track foreman on the middle division of the Pennsylvania road for forty-seven years, was buried on Thursday.

Claude Keplinger, late of the Pittsburg shops, has returned from Canton, Ohio, where he was visiting his brothers, Charles and Ward Keplinger.

J. E. Noble, of the Bass works, went to Ossian this morning to make estimates upon the cost of a boiler plant the company is asked to place a bid upon.

George White, of the Pittsburg planing mills, was caught by the storm in the country yesterday and failed to get in in time to report for duty this morning.

The last of the five cars which make up the Pennsylvania wreck train which has its headquarters at Chicago was turned out of the east car shops this morning.

J. H. Dacres, organizer of the Order of Railway Telegraphers, is now going over the Big Four lines in search of new members, and is meeting with some success.

Machinist George Schack, of the Bass works, is sick. Machinist Frank Saffen, of the same shop, has recovered from an illness which confined him to his home for a week.

Engineer James Halpin, of Toledo, has taken the local run on the Wabash, vice Engineer F. M. Findlay, who is temporarily testing engines in place of Engineer John Carroll, who is sick.

John T. Leach, boilermaker at the Pittsburg shops, has been granted a leave of absence of several weeks for the purpose of soliciting membership for a new life insurance company.

The Pittsburg car shop on Lafayette street was nearly deserted this afternoon, the men turning out in great numbers at the funeral of the late Charlie Kiepper, which occurred at 2 o'clock.

One of the furnaces at the Pittsburg blacksmith shop caved in this morning and as a consequence James Trythall and M. H. Morrison and their crew of workmen are taking a lay off, pending repairs.

Nos. 1 and 2, Findlay, Fort Wayne and Western engines, are in the Pennsylvania shops for repairs and during their absence Pittsburg engines 128 and 176 are doing service on the Findlay road.

The new department of freight claim agency of the Pennsylvania road is in good working order. R. B. Rossington, of this city, is now employed in this department, with headquarters at Pittsburg.

The Chicago and Erie road is threatened with a freight blockade, so heavy is the business. Traffic is also very heavy with the Pennsylvania and the Nickel Plate, but it is far from the blockade point.

The Boston Lyric Opera company, which held forth at the Temple last week, went to Kendallville this morning. After the show there tonight the company will return to this city and take the Wabash for Lafayette.

Every department of the great Pennsylvania's shops at Altoona is running ten hours per day and some of the departments are in operation thirteen of the twenty-four hours. A year ago these shops were only running eight hours per day.

The Electric corporation this morning sent a large motor to the Potomac Electric Light and Power company, Washington, D. C. Saturday M. S. Willson put a motor in the Daily News office for the corporation to furnish power to drive the presses.

Russell Sage, despite the Joint Traffic association decision, takes a cheerful view of the outlook for the railroads, saying that it is good for well-managed roads. Most of them now have good roadbeds, new steel track and good rolling stock, and ought to make money, even if rates are low.

A call has been issued for a meeting of the presidents of the roads in the Joint Traffic association at the headquarters of the latter in New York on Friday, November 4. The purpose of the meeting is to have a full and free discussion of the situation growing out of the decision of the United States supreme court.

C. V. Jennings, the unfortunate Wabash switchman, was down to the yards this morning to see his fellow switchmen. He is still quite lame, the injury to his hips being the chief trouble now. He will go to the company's hospital in Peru to remain until he is able to resume work, which may be several weeks.

In a few days all the men from the Pittsburg shops who belong to the Twenty-eight Indiana battery will resume their duties in that establishment. Among them are George Scheid, Charley Nolan, Frank Shafer and Charles Jocquel, of the machine department, and William Backes and William Shafer, of the boiler room.

Passenger Engineer James Southern, of the Pittsburg, who had been off duty on account of the death of his grandson, James Sshwind, of Stony Island, has returned to his duties on the road. The dead boy was about fifteen years old, and not a mere child, as many people supposed. His father is an engineer on the Nickel Plate road.

Machinist Frank Connors, of the Pittsburg shops, who was suffering from blood poison arising from a wound on his hand, was able to resume work in that establishment this morning, after an absence since October 2. At one time he was threatened with loss of the hand, but the wound has nearly healed and will cause him no further trouble.

Wesley T. Davis, the veteran stationary engineer, continues in a serious condition, much to the disappointment of the family, who a few weeks ago thought he was improving. He suffers from stomach troubles. Mr. Davis is one of the oldest and best known engineers in the city. He worked for the Olds Wheel company for over a quarter of a century.

The fall house cleaning at the Wabash shops has been completed, under the supervision of the general foreman, W. S. Cooper, and it is safe to say that no shop in the city is in a cleaner or better sanitary condition than that establishment. Mr. Cooper was complimented by Master Mechanic Doebler for his good work in this direction, and well he deserves the praise.

Capt. R. H. Harrison, of the Pittsburg shops, and Mrs. Harrison, attended the thirteenth anniversary celebration of the wedding of Mr. and Mrs. Morton Broughton yesterday, at their home in Garrett, Ind. The affair was one of great importance in social circles at that city, because of the prominence of the host and hostess. Mr. Broughton is a conductor on the Baltimore and Ohio road.

General Weyler died this morning from suffocation. The Weyler referred to in this item was an alligator owned by the attaches of Master Mechanic C. H. Doebler's office, on Fairfield avenue. The pond in the yard where Weyler, General Blanco and Sagasta take their baths is heated by steam and this morning the water got a little too warm, with the result mentioned. These alligators were presented to the "boys" last spring by some of the members of the One Hundred and Fifty-seventh regiment, which was stationed at Fernandina, where alligators are plentiful.

Populists Barred Out.

DENVER, Col., Oct. 31.—The time allowed by the law for making changes in the state tickets expired at midnight. The middle of the road populists will have no state ticket, the court deciding at the last moment that the party has no standing. There are ten state tickets but only four candidates for governor.

Maria Teresa Coming North.

NEW YORK, Oct. 31.—A dispatch from Caimanera says: The former Spanish cruiser, the Marie Teresa, which was sunk during the battle with Cervera's fleet, and raised under the direction of Naval Constructor Hobson, has sailed for Hampton Roads. She is being towed by the Vulcan and Merritt, and is being conveyed to Cape Maysi by the Cincinnati and the Leonidas.

You are making a great mistake in not sending for a 10 cent trial size of Ely's Cream Balm. It is a specific for catarrh and cold in the head. We mail it, or the 50 cent size. Druggists all kep it. Ely Brothers, 56 Warren Street, New York.

Catarrh caused difficulty in speaking and to a great extent loss of hearing. By the use of Ely's Cream Balm dropping of mucus has ceased, voice and hearing have greatly improved.—J. W. Davidson, Att'y-at-Law, Monmouth, Ill.

Mothers, be sure and use "Mrs. Winslow's Soothing Syrup" for your children while cutting teeth. It is the best remedy of all. May8eod&w

A SCHOOL OF HEALTH

To be Conducted by the Good Health Club.

Fifteen Practical Lessons in Scientific Cookery, Physical Culture and Home Remedies.

Something refreshing will soon be introduced to the people of Fort Wayne in the shape of a "school of health," to be conducted under the auspices of the Battle Creek Sanitarium Good Health club. There will be a course of fifteen lectures which will be practical lessons in scientific cookery, physical culture and simple remedies for home use.

J. W. Walter, organizer of the movement, is now in the city for the purpose of announcing the objects of the school and to furnish such information as may be requested. The lectures will begin December 13. Among the talkers will be that well known and popular gentleman, Dr Kellogg. The complete course of lectures is as follows:

SCIENTIFIC COOKERY.

Principles underlying healthful cookery.

Soups, delicious and appetizing, without "soup bones," "stocks," or other deleterious materials.

Health foods; what they are, how they are made, and how to use them.

Toothsome breads without yeast or chemicals.

Fruits and desserts, delicate cakes, etc.; gratifying to the most fastidious; made without soda, baking powder, yeast, or chemicals of any kind.

Principles governing diet and indigestion.

PHYSICAL CULTURE.

How to acquire a strong, dignified and graceful physical bearing: how to walk and how to sit.

Physical effects of exercise.

Cultivated deformities.

SIMPLE REMEDIES FOR HOME USE.

The cause, prevention and cure of common diseases, with practical instruction in nature's remedies.

MUNICIPAL AFFAIRS.

Street Paving Will be Finished Tuesday or Wednesday.

Contractor Guelich Will Have Completed His Contracts by That Time--Notes.

Contractor Guelich this morning told THE SENTINEL that he would have the asphalt pavement on High street completed by Tuesday evening or Wednesday morning. The wet weather of the last three weeks has interfered materially with the work, but in spite of this fact and contrary to the expectations of many people, the contractor has completed all the streets which were to have been paved this season. The pavement now gives general satisfaction and the board of public works is being commended by property owners for its foresight in allowing competition and saving to the property owners more than $50,000 Already petitions have been filed for many more asphalt pavements next season, and if the money is forthcoming for the city's share of the expenses, indications are that there will be more streets paved next summer than were completed during the present season.

NOTES.

A gang of men were put to work this morning cleaning Calhoun street and that thoroughfare is now in a very presentable condition.

The council committee on rules, regulations and ordinances will meet in the city clerk's office Tuesday evening to consider Councilman Hench's ordinance for the removal of overhanging signs from store building.

POLICE NEWS.

Mayor Fined Two Boys for Profanity--An Umbrella Stolen--Notes.

Officer Potgen Saturday night arrested Willie Gibson and Henry Otten for profanity. There has been complaint that the lads were quite boisterous while out in the evening and Saturday evening the policeman arrested them. Mayor Scherer assessed a fine of $2 and costs against Gibson and $1 and costs against Otten. He then lectured the boys and suspended sentence pending good behavior.

STOLE AN UMBRELLA.

An umbrella was stolen from a porch on Jefferson street, near Lafayette, last night. The thief is known and will be prosecuted unless he returns the "shower-stick" within twenty-four hours.

NOTES.

Jeff Meyers and Frank Murphy, drunks arrested by Officer Knock, were sent to jail for eleven days by the mayor.

William Turner, one of the fellows sent to jail on suspicion during the street fair, was released from jail this morning. Turner is the fellow who attempted to escape from jail about two weeks ago.

Miss Gordon Married.

SAVANNAH, Ga., Oct. 31.—The social event of the winter in Savannah was the marriage at noon today of Miss Mabel Gorden and Rowland Leigh, of London. Miss Gordon is the youngest daughter of General and Mrs. William Gordon, her father being a member of the Porto Rican peace commission. Mr. Leigh is the youngest son of Lord Leigh, of Stoneleigh Abbey, Warwickshire, and resides in London.

HEART DISEASE.

Some Facts Regarding the Rapid Increase of Heart Troubles.

Do Not be Alarmed, but Look for the Cause.

Heart troubles, at least among Americans, are certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real, organic heart disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by branches of the same great nerves, the Sympathetic and Pneumogastrics.

In another way, also, the heart is affected by that form of poor digestion, which causes gas and fermentation from half digested food; there is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action; hence arises palpitation and short breath.

Poor digestion also poisons the blood, makes it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can best be done by the regular use, after meals, of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular, persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized package of the tablets sold by druggists at 50 cents.

Common Prices FOR Uncommon Clothes.

About half the clothing worn by the male population of Fort Wayne comes from Sam, Pete & Max. About all the trouble comes from the other half. When the entire population wear Sam, Pete & Max's clothes, "Sorrow and Trouble Will Flee Away." Our prices are common enough; you'll find just such prices as ours in any store--but the clothing! "Ah, there's the rub." That is where the uncommon part comes in. Sam, Pete & Max's clothes at anybody's prices keeps the store full all the time.

Sam, Pete & Max's Suits and Overcoats.

All the newest and best there is, in fabric, make, style and trimmings, are in them. They are all made to fit and bound to wear. You have seen such prices before, but such clothing, never. Prices are $7.50, $10.00, $12.00.

Fine Raiment.

Do you wish to be clothed in that kind? Then come to Sam, Pete & Max's and see the line of Suits and Overcoats in that department. Why pay $25.00 to $40.00 for a fine suit, when we can fit you out at $15.00, $18.00 and $20.00.

Boys' Knee Pants Suits.

That line we show at $2.45 and $2.95 seems to startle some folks. We have seen suits which sold for $5.00 that compare favorably with those we offer at above prices. Lots of finer ones up to $8.00 a suit.

Underwear.

Don't risk the light weights any longer. It's getting too late. See our line of part wool, all wool or pure cotton, if you can't wear wool. Prices common, goods the other kind.

If We Cannot Save You Money, Don't Buy Our Goods.

Nine weeks ago a contractor secured a contract to build a brick sidewalk on Oneida street, from Edgewater to Elmwood avenues, in Lakeside. Immediately upon receiving the contract he had the old walks torn up and the brick and sand for the new ones delivered and then the men were recalled and set at another task. The Oneida street walks are still impassable, much to the inconvenience of those who pass that way, and the citizens wonder why the contractor has not been forced to complete the work. He should be.

BOSTON LYRIC OPERA COMPANY ARTISTS

Pay Tribute to the Musical Qualities of the PACKARD PIANO.

FORT WAYNE, Ind., Oct. 29, '98.
Fort Wayne Organ Co.

GENTLEMEN:—Being an admirer of that which is artistic in anything pertaining to the music line, I want to congratulate you on the beautiful tone quality of your Packard pianos. I had the pleasure for the first time during the past week of testing one of your instruments, and as a professional artist, I do not hesitate to say that it has all the intrinsic merits of the higher grade instruments. I also found that its tone quality was particularly adapted to sustaining the voice, a point greatly admired by all singers. With best wishes for your continued success, I beg to remain

Yours truly,
LAURA DENIO,
Mezzo-soprano Soloist Boston Lyric Opera Company.

FORT WAYNE, Ind., Oct. 28, 1898.
Fort Wayne Organ Co.:

GENTLEMEN—It gives me great pleasure to add to what has already been said of the fine qualities of your Packard piano. Its beautiful singing quality and resonance of tone makes it an instrument to be admired by all musicians. The full vibrant tone produced is particularly sustaining to the voice; in fact, as a professional artist, I have no hesitancy in saying that it has all the fine qualities of a strictly high grade instrument.

Cordially yours,
JOSEPHINE STANTON,
Soprano Soloist Boston Lyric Opera Company.

FORT WAYNE, Ind., Oct. 29, 1898.
Fort Wayne Organ Co.:

GENTLEMEN—I can not leave the city without expressing to you my sincere thanks for the pleasure derived from having had the use of one of your Packard upright pianos during our opera season the past week. I found it had all the fine qualities of tone that help to sustain the singer, it being thoroughly musical throughout its entire scale and being particularly free from those metallic tones so often found in the pianos of today, and which to artists make it very disagreeable to sing with. Again thanking you, I beg to remain,

Respectfully,
HENRY HALLAM,
Tenor Soloist Boston Lyric Opera Company.

AWFUL SKIN HUMOR

My little daughter's head and face broke out in terrible sores. One of her sores was so offensive we thought it would strangle her. Her suffering was intense, getting on most unless under opiates. The physicians tried every known remedy, but instead of getting better, she got worse. Discouraged with her condition, I was advised to try CUTICURA REMEDIES. Before the first set was used I knew that the little sufferer was beginning to get relief, and in five days her trouble was entirely cured. MRS. J. H. MCCLUNG, 47 Marietta St., Atlanta, Ga.

Warm baths with CUTICURA SOAP, and gentle anointings with CUTICURA, the great skin cure, and a mild dose of CUTICURA RESOLVENT (Blood Purifier), the new blood and skin purifier, internally, are sufficient at times to speedily, permanently, and economically cure every humor, from pimples to scrofula, from infancy to age. CUTICURA REMEDIES are sold throughout the world. POTTER D. & C. Corp., Sole Props., Boston. How to Cure Skin Diseases, 64 pages, 50 illustrations, and 100 testimonials, free.

WAR CLOUD LOWERS.

Franco-British Situation Very Badly Strained.

In London War is Regarded More Than Ever Imminent.

Tone of the Paris Press Held to be Most Hostile.

War Preparations Going on in Great Britain With More Activity Than at Any Time Heretofore.

LONDON, Oct. 31.—There was an unexpected gloomy feeling this morning on the stock exchange and the Paris bourse, both these markets being influenced, it is inferred, from the aggressive tone of some of the French papers. Besides this, something extraordinary seems to have happened and it looks as if a crisis were approaching. The British naval preparations are certainly being pushed with great activity. The British emergency squadron is gathering at Davenport with all possible speed.

Seven battleships and one cruiser have been thus far designated to join this squadron. Officers and sailors have been hurriedly recalled from leave of absence, even the battleships and cruisers at Portsmouth are taking their full crews on board and other warlike preparations are being made. A number of signal men, now on duty with the British channel squadron, which arrived at Gibraltar this morning, have been ordered home for service, it is presumed, on board the auxiliary cruisers, if the latter should be required for active service.

RUSSIAN SPY ARRESTED.

A sensation has been caused by the arrest this morning of a supposed Russian spy at a fort near Harwich. The man was already under surveillance and went to a redoubt where he tried to obtain some information from a sentry regarding the fortifications. He was promptly arrested and inquiries are being made regarding his antecedents.

It was also asserted today that the commanding officers of the London volunteer regiments had received orders to prepare for immediate mobilization, and it was asserted that the different artillery corps have been informed as to their duties on the southern and eastern coasts to which they have been allotted.

TONE OF THE LONDON PRESS.

The Pall Mall Gazette this afternoon says:

"England has been and even now is so near war that the government has carried its preparations to the farthest limit of the preparatory stage. It has been arranged to call out the reserves and militia and to mobilize the volunteers simultaneously and to form large camps at various important railroad junctions, where rolling stock and locomotives will be concentrated."

FRANCE WILL WITHDRAW.

PARIS, Oct. 31.—The Eclair, today says it learns on reliable authority that the French question will be settled favorably to Great Britain by the recall of Major Marchand. France, the paper adds yields all, reserving only the question of the right to the Bahr-El Ghazal district, which she does not consider as belonging to Egypt. Continuing, the Eclair remarks:

"M. Delcasse, however, has now decided to raise the whole Egyptian question, which should have been done from the first and thus avoiding the humiliation of yielding to the British ultimatum. When the question is thus enlarged, France will not be alone in its discussion with the marquis of Salisbury. Egypt interests all the powers. Russia has promised M. Delcasse its most effective assistance, and besides Germany has she biggest interest, in view of her east African possessions and trade in the far east, that the Suez canal should not become exclusively British, and is disposed to support Franco-Russian arguments for a definite settlement of the Egyptian question."

REPORT FROM BAHIA.

Battleships Oregon and Iowa Now Near That Port.

WASHINGTON, Oct. 31.—The Celtic, one of the 3 ollers which is accompanying the battleship Oregon and Iowa on their voyage to Honolulu, put in at Bahia today and called police or her arrival to the department. As the Celtic left Tompkinsville at the same time as the battleships, it is expected at the department that the latter will also arrive at Bahia in the course of a day or two.

DETERMINED TO DIE.

A Cleveland Couple Bind Themselves Together and Leap Into the Lake.

CLEVELAND, Ohio, Oct. 31.—A desperate attempt to commit suicide was made early today by Rose Lauer, aged twenty-two, of No. 940 Lake street, and J. E. Clarkner, aged thirty-two, of No. 264 Cass avenue. The couple walked out to the end of the dock of the Cleveland Yacht club at the foot of Erie street and tied themselves together with strips torn from a bed sheet. They then jumped into the lake.

Two Lake Shore railroad detectives were in the vicinity and witnessed the act. They at once ran and dived into the icy water after the couple.

The man and woman had already sunk several times, but were finally rescued after a long struggle on the part of the detectives.

Both were taken to a hospital. Clerkner is a conductor on the Cleveland and Pittsburg road. Beyond saying that they were tired of living the couple would give no reason for their attempted suicide.

HELD THE TRAIN.

Colored Soldiers Successfully Defy a Railroad.

The Officers Wanted to Get Something to Eat and Ordered the Troops to Hold the Train.

KNOXVILLE, Tenn., Oct. 31.—There was quite a disturbance at the Union depot here about midnight last night. A battalion of the Tenth colored cavalry was passing through on its way from the Philadelphia jubilee to headquarters at Huntsville, Ala., and at this point they refused to allow the train to proceed under the orders of the railroad authorities. The officers of the battalion left the train at Knoxville to get something to eat, with instructions to the men not to allow it to leave the station until their return. The railroad officials wanted to move the train before the officers returned and the soldiers would not permit it.

It is alleged by the railroad authorities that the officers went up town and remained away for an hour or more, leaving the train standing on the main track.

The railroad people became impatient and attempted to move the train but some of the troops boarded the engine and ordered the engineer not to start.

The railroad superintendent then appealed to General McCook of the war investigating commission to interfere, but being a retired officer he referred them to the commanding officer of the post. In the meantime the officers of the battalion returned and the train moved off.

The soldiers complained to bystanders that the train was not properly provided for their convenience and said this was the reason of the disturbance. This the railroad people deny.

MISS OLIVER HAS ARRIVED.

She Will Read From "Romola Rebe Bush" at Plymouth Church Tonight.

Miss Oliver, who delighted an invited company in this city at Kimball hall a few weeks ago with her readings from J. M. Barrie's "Little Minister," will be heard at Plymouth Congregational church this evening in readings from Ian Maclaren's masterpiece, "Beside the Bonnie Brier Bush."

Miss Oliver easily outranks all other readers in this country in rendition of the Scotch dialect. She has read for Ian Maclaren and that celebrated author is said to have been astonished and delighted with Miss Oliver's conception of the quaint Scottish folk. Those who are familiar with "Rooma Beir Bush" will be able to read Dr. Watson's book with new delight after hearing Miss Oliver, and those who have not read it will surely want to.

In short Miss Oliver's reading tonight will be something so rich in artistic treatment of her very interesting and difficult field that no one can wish afford to miss it.

The following is the program of Scotch character sketches:

Captain Carter's Case.

WASHINGTON, Oct. 31.—It is expected that the case of Captain Carter, of the engineer corps, will be disposed of this week. The papers in this case are now with the president, and have received his careful consideration. The friends of Captain Carter have petitioned the president for a hearing to present some statements as to facts and law in the case. This request has been granted by the president and he will hear the case during the week.

WANT WHOLE GROUP

All the Philippines Demanded of Spain.

Matter Presented to the Spanish Commissioners.

America Will Assume Part of the Bonded Debt.

After a Short Joint Session Spain's Envoys Ask Until Friday to Make a Reply.

PARIS, Oct. 31.—The American commissioners presented a written expression of the purpose of the United States to take the entire group of Philippine islands and to assume such proportions of the Philippine debt as has been spent for the benefit of the islands or their inhabitants, in public works, improvements and permanent betterments.

It was also set forth that the United States would not assume any part of the Philippine debt which had been incurred by Spain for the furtherance of military or naval operations to quell insurrections of the natives.

The session was adjourned until Friday, in order to give the Spaniards time to prepare a reply.

The session today lasted a little over an hour.

THE JOINT MEETING.

The American commissioners, each carrying a portfolio containing records and personal memoranda, left their quarters in the Continental hotel for the meeting with the Spanish commissioners, at the foreign office, shortly before 2 o'clock this afternoon. The president of the Spanish commission, Senor Monetro Rios, whose health at one time was so precarious as to threaten an indefinite adjournment of the session of the commissions, had improved to the extent of enabling him to attend today's meeting. He arrived at the foreign office in a closed carriage with his colleagues, shortly after the Americans reached the meeting place.

Shortly after 2 o'clock the ten commissioners confronted each other across the table on which, in 1783, Benjamin Franklin and his colleagues signed the treaty of independence of the United States.

IN LINE WITH INSTRUCTIONS.

WASHINGTON, Oct. 31.—The advices from Paris to the effect that the United States peace commissioners have demanded the cession to the United States of the entire Philippine group is in line with the instructions that have been issued to the representatives of the United States. Up to a very recent date the United States commissioners had no precise instructions on this vital point. Of course before they departed from Washington much consideration had been given to this important subject by the president, Secretary Hay, Assistant Secretary Moore and the members of the commission. But there was a lack of data as to the financial and political affairs of the Philippines and so it happened that when the United States commissioners sailed they were not committed beyond change to any line of policy. A majority of their number leaned towards a restriction of the demands to be put forth as to the Philippines, varying all the way from the relation of Manila bay and the immediate surrounding country, to the acquisition of the whole island of Luzon.

That represented about the extreme demand that was in mind when the commission left. But since that time that the president has become convinced that there is a great popular demand for the annexation to the United States of the whole Philippine group, and he is disposed to defer to that sentiment.

MAY BUY ORMONDE.

Reported Offer of the Duke of Westminster to Owner MacDonough.

SAN FRANCISCO, Cal., Oct. 31.—If reports speak truly Ormonde, "the horse of the century," for which W. C. R. MacDonough paid $150,000 a few years ago, will soon be on his way back to England.

It is said that the duke of Westminster, his former owner, has offered $50,000 for the famous thoroughbred and that Mr. MacDonough is likely to accept.

It is stated that the duke of Westminster has been trying for some time to regain possession of the horse. He offered $30,000 several weeks ago, but the information was conveyed to him that a much larger sum would need be forthcoming before Ormonde would be allowed to leave California.

ARRESTED AS ANARCHISTS

Two Men Arrived From Vera With a Number of Dynamite Cartridges.

PONCE, Porto Rico, Oct. 31.—A sensation was caused here yesterday on the arrival of the Red D Line steamer Philadelphia, from the Spanish main, by the discovery in the handbags of two passengers of a number of explosive cartridges containing dynamite.

The discovery was made by the customs officials, and the passengers were arrested on the supposition that they are anarchists.

The police, who fear that others belonging to the gang have escaped, are making a strict search.

DR. KAPPEL DEAD.

Allen County Coroner Succumbs This Morning.

His Death Due to Complication—John W. Threadgill Passes Away—Other Deaths and Funerals.

At 5 o'clock this morning Dr. John H. Kappel, coroner of Allen county, died at home, 180 East Washington street, after an illness of nearly two months. His death was due to typhoid malarial fever and pneumonia. The doctor's condition has been at no time since his illness so favorable as to give the attending physician, Dr. W. H. Myers, any hopes of his recovery, but the worst phase of the affliction became apparent when the pneumonia symptoms set in. Since then the patient was delirious much of the time.

Dr. Kappel was twenty-eight years old. He was born in Fort Wayne, received a common school education in the St. Mary's Catholic schools, after which he attended to the painting business with his brother.

Taking a fancy to the life of a physician he entered the Fort Wayne College of Medicine, with the intention of entering the profession. He graduated from the institution in 1893, after a three years' course, and soon after he went to Berlin, Germany, and took a post-graduate course. Shortly afterwards he was married, and the widow and an eight-month-old son survives him. Dr. Keppel was elected coroner on the democratic ticket last election, and was serving the last half of his term at the time of his death. He enjoyed a large practice and his future was indeed bright until his health began to fail. Mrs. Catherine Kappel, of 180 East Washington street, is the mother of the deceased.

THREADGILL.

John W. Threadgill, aged eighty-four years, died last evening at his home, 70 Dawson street, of cancer, from which disease he had long been a sufferer. Deceased was born in England, Norfolk county, May 1, 1815. He came to this country at the age of fourteen, locating at Albany, N. Y., and he lived there until his marriage, September 13, 1841, when he moved to Fort Wayne. He was for seventeen years a justice of the public peace and was one of the old and respected citizens of Fort Wayne. He was a member of the Baptist church. Five children and nineteen grandchildren survive. Nine children preceded him to the grave. The surviving children are: John, Chicago; James, Albany, N. Y.; Joseph, Wisconsin; George, Kansas; Harry, St. Louis. Prof. C. W. Threadgill, of this city, is a grandson, being the son of John W. Threadgill, of Chicago. The funeral will take place Wednesday at 1:30 p. m., from the house, and 2 o'clock from the First Baptist church. The pall bearers will be William Carter, Jr., Wesselman, S. F. Bowser, J. A. Gavin, A. C. Beaver and A. Gates.

SPERSTEEN.

Victor Sperstеen died at the St. Joseph hospital Sunday afternoon, from paralysis. He was stricken with the disease five weeks ago. The deceased was fifty-one years of age, and immigrated to this country with his parents in 1852. He lived since then in Allen county. He was the only survivor of a large family, his nearest relatives being cousins, who are: E. J. Rosenand Madames Catharine Bess and Mary Heidenrich, of this city; Vincent Bauer, of Ashton, Ills.; Edward B. Bauer, of St. Louis, Mo., and Joseph Bauer, of Grand Junction, Col. He was a charter member of St. Aloysius society of St. Mary's Catholic church, and also a member of the standing in the Young Men's society. Both societies will attend the funeral in a body. The funeral services will be held at 1:30 o'clock tomorrow afternoon from the residence of K. J. Bauer, No. 30 Douglass avenue, and at 2 o'clock from St. Mary's Catholic church. Very Rev. J. H. Oechtering officiating.

MORIARTY.

Maurice Moriarty, of Los Angeles, Colo., passed to the great beyond at Pueblo, Colo., Friday. The deceased was the son of Mrs. Mary Moriarty, of New Haven, and was born and raised in that town. For several years he was chief of the fire department at Los Angeles. Besides his mother he is survived by two brothers—E. C. Moriarty, of Lafayette, and H. G. Moriarty, a member of the Zollinger battery. The remains will be brought to New Haven for interment, the funeral services to be held from St. John's Catholic church.

LOEBIRE.

George Loebire, a pioneer farmer of Lafayette township, living near Nine Mile, died last Thursday, of heart disease. The deceased was born in Starke county, Ohio, June 26, 1825, and his age was seventy-three years, four months and seven days. He married Margaret Miller in 1845, and she, with four children, survive him. The children are Oliver J., Sarah J., George A., and Lewis A. Three others preceded their father to eternal rest. The funeral took place last Sunday and the interment was in the Fogwell cemetery, near Nine Mile.

FEY.

Conrad Fey, aged fifty-six years, died at the county asylum last night of consumption. For some years the deceased was employed in the saloon of Henry Brown. The funeral took place this afternoon.

BRANHAM.

John Grayson, colored, died at the St. Joseph hospital last evening of dropsy. He was brought here from Montpelier recently for treatment. He was fifty-one years old, and his only known relatives, two sisters, reside at Cleveland. A telegram asking for instructions as to the disposal of the body has been sent to them.

MAY DEFEAT QUAY.

Very Hot Campaign Now On in the Keystone State.

Significance of the Great Struggle Against the Republican Boss—Mr. Swallow's Chances of Success.

PHILADELPHIA, Pa., Oct. 31.—The political fight in Pennsylvania—the bitterest one in years—is at its height. Matthew S. Quay, republican boss and United States senator, is on one side, and the Rev. Silas C. Swallow, independent and prohibitionist, backed by the revolting republicans, is on the other.

Politicians predict that Quay will clock his man, William A. Stone, for governor, and they declare that Dr. Swallow's strength is overestimated; yet the prohibitionist leads in his election, and Quay's men are plainly worried.

George A. Jenks, the democratic candidate, is credited by the politicians with having the best chance after Stone; yet it would not surprise the public if Dr. Swallow should run second, and his election is by no means improbable, judging by the wonderful showing he made last year as candidate for treasurer, when he received 219,000 votes, against 372,488 for the republican and 242,371 for the democratic candidate.

Around Dr. Swallow all the independents, prohibitionists and disaffected republicans have gathered on the platform "Down shall not steal." No less a man than John Wanamaker, the great merchant and former postmaster-general, is back of Dr. Swallow and his campaign. He is not indorsing him openly in his speeches, but he is selling Quayism, the scandals of Quay administrations, the charges against recent treasurers of the state and the recent exposures in which Mr. Quay has been accused of complicity in regard to public funds and their treatment. He has said good things about both of the men opposing the republican candidate, but most about Dr. Swallow.

Mr. Wanamaker's campaign is not without personal interest, however, for he has a good deal to succeed Mr. Quay in the senate. Mr. Quay directed a fight against Wanamaker when that gentleman was defeated for the senate by Boies Penrose, and to Mr. Quay Mr. Wanamaker is also indebted for the defeat of his gubernatorial aspirations. Therefore Mr. Wanamaker has entered heartily into the anti-Quay campaign, and with Dr. Swallow and other independents he has succeeded in placing fusion candidates in every legislative district where there seems to be any chance to defeat a Quay man. And as a result, although there will be a republican majority, it is claimed that Quay is now nearer defeat than at any time in his long political career.

In spite of the apparently strong republican complexion of the legislature on joint ballot, it is predicted that the fight for United States senator will be one of the fiercest ever known in the state, and some are confident that Senator Quay's Waterloo is at hand.

The congressional delegation from Pennsylvania will be strongly republican, the democratic maximum gain being estimated at two out of a total of thirty, which would make the congressman from the state stand: Republicans, twenty-five; democrats, five.

Judge L. M. Nisle Vindicates Judge Dawson.

Editor of Daily Sentinel:

My attention has been called to a circular published by Mr. William Bohn, a former partner of one Bottenberg, in the junk business I remember the case. I, in fact, participated in the trial as the attorney of Mr. Miller's brother. I was against Bottenburg. I was present during all of the trial and the same was conducted as all other trials are, and I am perfectly satisfied that in all the rulings and decisions given by Judge Dawson, before whom the cause was tried, he was guided alone by his best judgment and that Mr. Miller had a perfectly fair trial.

I am confident that Judge Dawson had no prejudice or personal feeling in the cause whatever.

THE LAW TO STAND.

The States May Tax Foreign Corporations.

A Far-Reaching Decision by the Supreme Court.

The New York State Tax Law is Upheld.

Principle Settled That a State May Impose Conditions on a Foreign Corporation Doing Business Within Its Limits.

WASHINGTON, Oct. 31.—The United States supreme court today announced its decision sustaining the constitutionality of that feature of the tax laws of New York which lays a tax on foreign corporations doing business in the state, according to the capital employed. The case was instituted against James A. Roberts, comptroller of the state of New York, to test the law and to vacate an assessment made on the capital of a large western drug house having a branch in New York city.

The lower court sustained the validity of the law, and the supreme court now affirms this decision. Judge Shiras, in announcing the court's opinion, said the law was settled that a state may impose such conditions for permitting a foreign corporation to do business within its limits as it may judge expedient, and that it may make the grant dependent upon the payment of a specific license tax, or a sum proportioned to the amount of its capital used within the state.

This was not, the court held, a discrimination against the products of outside states.

Justice Harlan announced the dissent of himself and Justice Brown. He said the former decisions of this court had been uniform against state laws which favored domestic firms, corporations or persons as against those from other states. If such state set up a system of special taxes on those outside bodies, then it would in the aggregate amount to a sort of protective tariff system, overturning the freedom of trade between the states.

THE ROOT WILL

Was Filed for Probate by Judge S. S. Alden.

Hon. L. R. Ellison, Attorney for Helen M. Lincoln, Files Upon Considered Holdings—Value.

Judge S. R. Alden this morning filed the will of the late Louis F. Root for probate. James Hamilton Ellison, thereafter Hon. T. E. Ellison, attorney for Helen M. Lincoln, who contests the will, filed a motion asking for time in which to notify his client that the will had been filed. She resides in Brookline, Mass. Mr. Ellison has filed another statement with Judge O'Rourke, in which he makes some very sensational charges. The plaintiff asserts that she is entitled to one-half the estate.

SUDDEN ON THAW.

Louis Seddin, the young man arrested with William Droegmeyer for Charles Clark's saloon, on trial this afternoon in the circuit court. Judge O'Rourke is hearing the evidence. The affidavit alleges petit larceny, burglary and entering a house to steal. Prosecutor Doughty and Deputy Thomas appear for the state, and P. H. Colerick is defendant's attorney.

PATERNITY CASE SETTLED.

Joseph Boy and Roxy Beamor have settled their paternity case and the young people will be married this afternoon.

UNCLE SAM'S PRISONERS.

Sheriff Metchling arrested William J. Shadewald Sunday morning at 4 o'clock on a farm near Ellison's switch. He is charged with tampering with the mails. Shadewald was employed by a road building company with a young lady in the country near whom he worked and one day, it is alleged, he came to Fort Wayne and inquired at the postoffice for the young lady's mail, which was handed him. Shadewald opened the letters and after reading them placed them in a large envelope and sent them to his ladylove. He then left the country. A warrant was issued for his arrest and placed in the hands of Deputy United States Marshal Rose's hands. Sheriff Metchling received a tip Friday that Shadewald had returned to Aboite township, and sent two deputies to arrest him. He had a hearing before United States Commissioner Logan this morning and was bound over for trial.

Michael E. Bricker, charged with sending obscene literature through the mails, was taken to Indianapolis Saturday and lodged in jail there.

COMMISSIONERS COURT.

The county commissioners will meet tomorrow and make final arrangements for the approaching election. Vacancies in the inspectorships will be filled and some changes may be made in the location of voting places.

NOTES.

The case of Fred Eckert and Henry Eckert vs. Henry McKinnis and the estate of Frederick Eckert, deceased, was dismissed by Judge Dawson.

The divorce case of Isaac A. Byall vs. Carrie L. Byall has been set for hearing in Judge Dawson's court on November 16.

Judge Dawson this morning rendered judgment on the verdict in the case of Fairfield vs. Lahay. The defendant gets the cow which was the cause of the lawsuit.

Judge O'Rourke heard the evidence in the case of Hanthorn vs. Mariotte this morning and found for the defendant.

Judge Dawson heard the suit to quiet title of Louis Cordes vs. Mary Downs et al., Attorney Shambaugh, for the defendants, entered a disclaimer and title was quieted in favor of plaintiff.

Frank Alderman has commenced suit on note against Scott Swan. Demand, $1,332.

Judge O'Rourke overruled a motion for a new trial in the case of William Jobs vs. the Smith & Randall Lumber company and rendered judgment on the verdict.

In the case of Louise Hohmeyer, guardian, vs. Herman Gerdum, Judge O'Rourke foreclosed mortgage and rendered judgment for $951. In the case of Ernest Rumpf vs. Herman Gerdom the judge rendered judgment for $427.

The $2,000 damage suit of Bidde vs. the Wabash railway will come up for trial in the circuit court tomorrow.

Judge Dawson dismissed the case of Charles J. Dolan vs. Ben Rothschild et al.

Paul Niedemeyer was arranged in the superior court this morning for contempt of court. Judge Dawson discharged him because the affidavit alleging contempt was insufficient. Attorney John Aiken this afternoon gave notice that he would move for a new trial in the case of the state vs. John G. Sterling.

Judge Dawson dismissed the case of Mary M. Evans vs. Frederick Graffe et al.

BROKE HIS LEG.

Herman Doenges Fell From a Tree While Coon Hunting.

Brought to the City in a Big Wagon and Dr. Kesler Called to Reduce the Fracture.

Herman Doenges, of No. 24 Oliver street, went coon hunting last Saturday, and late that night was thrown down with a broken leg. He had climbed up a tree after a coon and while stepping from limb to limb missed his footing and fell twenty-five feet to the ground. He could not get up, and friends assisted him to a farm house, and later brought him home in a farm wagon. Dr. Kesler was called at 4 o'clock Sunday morning, and on examination found that the bones in the left leg were broken. He reduced the fracture and Mr. Doenges is resting as easy as could be expected under the circumstances.

OTHER ACCIDENTS.

Word has reached the city that Lloyd Brompmeyer, of Warsaw, was the victim of a hunting accident near his home in Columbia City. The young man is well known here.

Thomas Chevirco, a driver for the L. Bruner bottling works was thrown from his wagon upon the street car tracks at the corner of Lewis and Lafayette streets, at noon last Saturday, and received two serious gashes in the scalp.

Charles Hudson, the young son of Mr. and Mrs. E. J. Seldon, of Wayne street, was the victim of a foot ball accident Saturday. He suffered a fractured collar bone. He was taken home and Dr. H. V. Swaringen reduced the fracture.

UPRISING THREATENED.

Young Stock at Pine Ridge Agency Trying to Break Trouble.

WASHINGTON, Oct. 31.—Word has reached the interior department of trouble brewing by a band of young Sioux on the Pine Ridge agency in North Dakota, who are reported to have started an organized movement for the forcible removal of Indian Agent Clapp from the reservation.

Secretary Bliss, commenting on the matter today, said that despite the claims of the young braves who threaten to take steps themselves unless the secretary orders the change, there was nothing on file at the department that is warrants Agent Clapp, that the agent is an army officer who is executing his duties satisfactorily and that the question of removal or transfer is not to be entertained.

LOCAL LINES.

Mrs. R. C. Miller is entertaining her aunt, Mrs. T. J. Davis, of Creston, Iowa.

H. W. Steele has resumed his reportorial duties on the Journal after a week's illness.

Mr. and Mrs. H. B. Baumgartner, of Indianapolis, are the guests of Mr. and Mrs. S. W. Kelsey, of Michigan avenue.

Private Fred Wilson, of Company G, One Hundred and Fifty-seventh Indiana, who has been confined to his home by illness for several weeks past, is a victim of spinal trouble. For the past week he has been attended by Dr. M. F. Porter, who finds it necessary to put the young man in a plaster cast.

MAY HASTEN HOME.

Emperor William Will Cut His Visit Short.

His Stay in the Holy Land to be Curtailed.

European Disturbances Give Him Some Anxiety.

The French Cabinet Considered by M. Dupuy is Announced—Mr. Peck Presented to M. Faure.

JERUSALEM, Oct. 31.—The emperor and empress of Germany are contemplating their visit to the Holy Land. They have abandoned their trip to Jericho owing to the European complications, and it is also believed that they will not go to Syria. Their majesties this morning attended the consecration of the Church of the Redeemer. The ceremony, in which the natives took a leading part, was most impressive and was marked with the greatest pomp.

THE CHEVEYE'S CASE.

PARIS, Oct. 31.—The criminal section of the court of cassation appointed councellors today to proceed with a supplementary inquiry into the Dreyfus case, at which to the ministry of war for the purpose of studying the secret documents in the case.

M. Lockroyd, who is still acting as minister of war pending the installation of his successor, M. Deyfoyner, had some difficulties with delivering the documents and only allowed counsel to inspect certain parts of them.

THE NEW FRENCH CABINET.

PARIS, Oct. 31.—The new cabinet is constituted as follows:

Minister of Justice—M. Lebret.
Premier and Minister of the Interior—M. Dupuy.
Minister of War—M. DeFreycinet.

WILL SUCCEED WISE.

Professor McMillan Chosen by the School Board.

He Will Enter Upon His Duties Tomorrow Morning—A Graduate of Hillsdale College.

The school board this elected Professor McMillan, of Brookville, to succeed Professor Harry Wise, as teacher of English in the Fort Wayne high school. Mr. McMillan came here Saturday and was to have been temporarily employed, but the board was impressed with his ability and decided to retain him permanently. Professor McMillan is a graduate of Indiana university and was for a time teacher of English in that institution. He comes highly recommended as an educator. The new professor will take charge of the department Tuesday morning.

SAMPSON DID NOT ATTEND.

Refused to Lead Methodists in an Anti-Catholic Meeting.

NEW YORK, Oct. 31.—A dispatch to the Herald from Havana says:

Rear Admiral Sampson did not attend the services held in the Independent church, as was advertised to do. This fact has given a great deal of satisfaction to Americans here, who feared that his presence might be used to give a semi-official indorsement to an anti-Catholic meeting.

The ball fight that has been advertised for Sunday were vetoed by the civil governor, the former owing to the alleged fraudulent means used in advertising it and the latter because all license to play has not obtained. Games were the official reasons given, but the real reason was probably to prevent trouble with the soldiers and the fear of a riot.

Minister Has Died.

CINCINNATI, Oct. 31.—Harry Noran, a member of Al G. Field's minstrels, arrived yesterday from Knoxville, en route to his home in Akron, Ohio. He was hastening to his parents on account of sickness, but could proceed no further yesterday and died here today at the hospital.

Fort Wayne has a curfew law. Mayor Scherer. What are you doing about it?

STATE troops is loitering, says a newspaper. That was true when the cradle of the boy king was being rocked.

Peace has cooled off and the people here is again settling down to that normal state which finds all recompenses for existence in gossip and alcohol.

This "new policy" and these "new questions," which have come out of the air are matters in which democrats as well as republicans must find the grave duty of interest and participation. Democrats should vote for their congressional candidates and have representation in the shaping of the nation's new policy, if the nation is to have one.

Probably the worst of the anti-Dreyfus feeling in Paris has manifested itself and sentiment hostile to the prisoner of Devil's island has burned out in its own heat. It seems likely that if Dreyfus is innocent justice is to be done him. The court of cassation, the highest tribunal of appeal in France, has granted a retrial of the case, and the appalling disclosures by Colonel Henry, Colonel Picquart and even by Major Esterhazy himself, can hardly have any other effect than the acquittal of the unfortunate Dreyfus.

Through the Washington correspondents of republican newspapers the republican congressional campaign committee is filling the country with the cry that Spain, encouraged by the activity of the democrats in the present campaign, threaten to break off peace negotiations and resume the war and appeal to the European powers for support. This is simply rank nonsense, much more absurd than the usual brand of campaign buncombe. Spain may break off peace negotiations if she likes. That will simply mean to abandon to complete conquest by this country the Philippine Islands and Dewey's fleet and Merritt's soldiers will make short work of that. As for resuming hostilities, Spain has had enough of that and her people have had more than enough. What will she resume with? Her fleet is gone. Her army is disorganized and ripe for mutiny if fighting is forced upon it. The "spirited movement for European intervention" proved last spring, in the sporting vernacular, Spain "on a dead ass." The concert of powers will give her no aid. The powers have plenty of racket on their own account in prospect. The election next week can in no way affect the conclusion of peace.

Late reports from Indianapolis say the Tenth eighth battery from the city will be mustered out of the United States service and permitted to come home today. It is time the boys were mustered out in fact, long past time. They are of no service to the government, the affairs of the company were long ago put in shape for the mustering out of the men and it has been a profound mystery why they were being kept in camp at the state fair grounds. When the infantry companies from this city will be mustered out no one seems able to say definitely. Three weeks ago today the fourth of the Ohio Hundred and Fifty-seventh regiment expired and the boys returned to camp, expecting to be mustered out in a few days. Something is wrong that they should be kept in camp all these weeks. The stories that come from Indianapolis of the condition of affairs in camp most urgently call for action that will get the soldiers away from there and back to their homes. The Indianapolis News has made some discoveries of a most revolting kind concerning the camp. There seems to be no one in command and the boys have been largely to follow their own devices. There may be no politics in the detention of the boys in camp, but there is likely to be if they are not soon sent home.

MR. HARRISON'S LETTER.

It will be small satisfaction to the Indiana republicans who had hoped that the letter Benjamin Harrison would make a speech-making tour through the state this week to know they must be contented with his epistle to the Hoosiers. Mr. Harrison is not in accord with the expressions of Mr. Beveridge and Mr. Hornby and many of the party organs on the present status of the silver issue. From these speakers and newspapers the Indiana electorate has been assured that the silver issue "is dead" and forever buried. Mr. Harrison seems to have great fear that the gold standard is menaced by the approaching election, and appeals to all republicans and gold democrats as well to take counsel of his own fears. In giving the financial issue first importance in his view, Mr. Harrison goes squarely back on the formal campaign policy of the republican party throughout the country, which for the last two weeks has been to create a political bogabon out of the war settlement, to urge that a democratic victory will imperil peace, if not provoke a reopening of hostilities with Spain, who, with the balance of Europe, is ready to view in a democratic victory a repudiation of the administration for prosecuting a war that would have never been fought but for the persistence with which the democrats in congress forced the Cuban issue to the front. When Mr. Harrison says "our foreign relations are still acute and unsettled," he can only refer to our relations with Spain and the American peace commissioners in Paris are making such progress as will have a definite and permanent peace treaty ready for signature before Christmas. So far as Spain is concerned Cuba and Porto Rico are out of her hands forever, and with their affairs she will have nothing more to do. The question of the Philippines alone remains to be settled. If our peace envoys demand them Spain must yield from sheer powerlessness to resist. Whether the United States under the guise of assuming a certain part of the Philippine bonded debt shall pay to Spain an indemnity for thrashing her in this war is a proposed to which the American conscience and the president will soon dispose of or accede, and is one for which the administration must assume responsibility. From the urgency with which Mr. Harrison and other republicans appeal for a "holding up of the president's hands" it would appear that such in order would be a declaration from some authoritative source in proper terms of what the president wants from Spain. At so late a day as his tour of Indiana and Illinois, less than two weeks ago, the president was stated to be "holding" the people on the expansion question, which was to say that he was trying to resolve his own doubt. When a crisis confronted the nation and war convulsed the land the country was united in support of the president with a loyalty never known before. Now the war is over, victory is ours and we are dictating peace, not treating for it. We have domestic questions to settle, one of them, as Mr. Harrison admits, of first importance, and the war issue cannot constitute the dividing line of parties at this time.

ONLY A LETTER.

Benjamin Harrison Will Not Speak in Indiana.

Writes a Letter in Which He Urges the Voters to Look Out for the Silver Issue.

INDIANAPOLIS, Ind., Oct. 31.—Chairman Hornby of the republican state central committee recently invited ex-President Harrison to take part in the campaign. The ex-president has not been very active, it, in which, after saying that important legal business will occupy his time for several weeks, he discusses national questions as follows:

"In New York, where I was recently, the democratic party has pushed aside the free silver question and is making a campaign upon the theory that national issues, and especially the free silver question, are not involved. In Indiana the case is quite different. The democratic party has affirmed with emphasis the Chicago platform of 1896, and in our own district I understand the democratic candidate for congress is strongly urging upon the people the issue of free silver coinage at the ratio of 16 to 1.

"Now, whatever may be the case in New York, here a democratic success would distinctly set forward and strengthen the propaganda for free silver coinage. In New York many democrats who affiliate with the republican party in 1896 are saying that the silver issue is not involved, but men of that faith certainly cannot say so in Indiana. It seems to me that it would be a distinct set back for the cause of honest money and a distinct injury to the state of Indiana if in a year so prosperous as this a majority of our people should vote for the free coinage of silver. Honest money democrats, who had hoped that this issue might not meet them again in a democratic national convention will help to make its appearance there certain if they aid in securing a democratic victory in Indiana this year.

"The apparent settlement of that issue in 1896 contributed immensely to bring the country to which we now enjoy, to give confidence to capital and to secure work and wages in good money to the workingman. These classes were awake then to the vital importance of this issue and responded with an overwhelming majority. It would be an unpleasant thing to contemplate if, while in the enjoyment of the fruits of that victory any of those who supported the cause of sound money in 1896 should now, either from lethargy or ennui, or through the influence of minor questions, be led either actively or passively to give their aid to the revival and perpetuation of this disturbing influence.

"I cannot understand why any republican in the state should withhold either his influence or his vote from the republican ticket. Small differences as to the details of administration and smaller differences growing out of personal disappointments should be put utterly aside.

"Another consideration, I think, should strongly influence the voters of the state. The nation went into a war with Spain, supported by the moral sentiment of the great majority of our people of all parties. It was felt that as to Cuba there was a distinct call upon the United States to intervene for the ending of the Spanish cruelties and misgovernment there. The firing lines have been withdrawn and our ships are largely in our own harbors, after achievements on land and sea that have given honored fame to American arms, but our foreign relations are still acute and unsettled, and the appeal to which the response was so generous and non-partisan at the beginning of the war, to stand by our own country and its administration, should with equal force influence the voters, should still be felt and responded to.

"Our election results should not give or even seem to give encouragement to those who would find in our discords and divided councils that advantage. Our British cousins have the good habit of standing by when their nation is conducting delicate and irritating foreign questions. Very truly yours,

"BENJAMIN HARRISON."

THE WONDERLAND.

Stonder & Smith's Popular Family Resort Opens Next Monday in Splendor.

The Wonderland opens one week from tonight, with the most formidable list of attractions ever presented in this city. Stonder & Smith have put forth no amusements of all kinds that are respectable, entertaining and scientific as well. Messrs. Stonder & Smith will cater especially to ladies and children, and will conduct their new enterprise in a manner that all can go there with perfect freedom and without an escort. No attraction will be tolerated that is not fit for the most chaste and refined person in the world. There will be but one price of admission, and that will be ten cents to all. There will be three performances daily, and the latter one is respectfully urged to attend the matinees in order to avoid the crowds at night.

For the opening week, in the spacious curio halls, will be seen Harrison, the miner from the Klondike, with all his tools and implements as used by him in the cold regions of Alaska and the Yukon. This is not a wood sawing show, but a strictly up to date entertaining sight. There will be lots, the most phenomenon, whose feats of second sight and wonderful calculative power have startled the civilized world; Verona Jack, the famous cowboy whittler, who does more work with one arm than most people can with two; Enoch, the man fish, who eats, drinks, plays musical instruments and does all sorts of wonderful work under the water; Manweiler, the Venician glass blower and others.

In the theater, Manager Stonder & Smith have booked a list of attractions that would grace the stage of their Temple Opera house. Among the many new and up to date items attractions will be the kings of burlesque, Kenno and Wagner, the famous funny man who for the first time present their act in this city; the Rutherford sisters, Alma and Genevieve, in songs and dances. Their appearance here is a treat. Mathieu, the novelty juggler, now playing on the Keith and Proctor circuit, Chicago, closing next Saturday night a six weeks' engagement at there and to great Middleton in their musical act, presenting Mr. Middleton as Marmontine, an entertainer in himself consisting of mechanician figures in his like dress, presenting a pantomime Humpty Dumpty, interspersed with songs, dances, etc. This is one of the most expensive attractions on the boards and has been engaged for one week only at an enormous salary. Many other interesting features, too numerous to mention, will be presented, and altogether Stonder & Smith have started the chord of popular approval, as is attested from the many congratulations they are receiving on all sides for opening up a people's popular pleasure palace.

A WORTHY REFORM.

Better Care for Prisoners is Strongly Urged.

A Capital Discussion of the Matter Given by Rev. C. Modlin in Plymouth Congregational Church.

In his discourse at Plymouth church, last evening, upon "Our Duty to the Prisoner," Rev. C. S. Amalin said that public sentiment ought to be aroused against the present county jails. "What is a jail today but a school of crime? General Brinkerhoff has said: To establish a school in crime requires (1) teachers skilled in the theory and practice of crime, (2) pupils with inclination, opportunity and leisure to learn; (3) a place of meeting together. All these requirements are provided and paid for by the public in the erection and management of our county jails. With less than a half-dozen exceptions, all the jails and city prisons of the United States are schools of this kind, and it is difficult to conceive how a more efficient system for the education of criminals could be devised. Hardened criminals mingle with the boys or young men committed for the first offense, and so the young are poisoned."

"The taxpayers of Allen county would be shown better sense if they had put $100,000 less into our magnificent court house and with that money built a jail in harmony with the principles of prison reform and of a Christian civilization. Let us have a new jail that will embody the principles of the Bill of Rights in our state constitution, which declares that 'The penal code of this state shall be founded on the principles of reformation, and not of vindictive justice.'"

PLAYS FOR HOOSIERS.

"On the Wabash" at Temple Tuesday Night—"The Hoosier Doctor."

Tomorrow night, at the Temple, will be devoted to the first presentation here of Joseph Arthur's new Indiana piece, "On the Wabash." The rehearsals which were held in New York under the personal direction of the popular author, showed that the drama is one that will long outlive its copyright, to be still produced when Mr. Arthur is only a memory. The piece from the play to the fall of the curtain is said to be a combination of sweetness and strength. It combines all the best elements of Mr. Arthur's previous productions. It was through the urgent request that the management postponed the appearance of the company in several of the largest cities in order that the play might be presented in a few places in the Indiana author's native state.

"THE HOOSIER DOCTOR."

Digby Bell, one of the most talented actors on the American stage, supported by an excellent company, will appear at the Temple Wednesday evening, in Augustus Thomas' latest play, "The Hoosier Doctor," a quaint character sketch, rich in the truth of its presentation. "The Hoosier Doctor," played delightfully by Digby Bell, is a gentle fellow who, by the time he has reached middle age, has tried various pursuits unsuccessfully and now takes up the practice of medicine. For fear of a certain woman in his family, he has concealed a marriage he has made. The townspeople misunderstand his position and he is very nearly tarred by white caps. This outline of the narrative and action, however, gives very little idea of the interest of the play and its quiet scenes of every-day life with its mingled humor and pathos.

Dr. C. B. Stonton, of this city, will deliver a political speech at South Whitley tomorrow evening.

The Gold That Glitters.

DO RICHES MAKE HAPPINESS, OR DOES WEALTH MAKE WEALTH?

The richest man cannot always be said to be the most successful, for true success is not possible without happiness. Many a wealthy man would give all he now possesses to have the health and happiness of a young athlete. Health is not hard to get and keep if good judgment is used in caring for and supplying the needs of the system. Nature often needs assistance; you sometimes abuse nature by overtaxing your nerves, your brain, or your body, and you haven't time to relax, and take the rest that you need. You must have outside help. Pabst Malt Extract, the "Best" Tonic, will supply the extra fuel, food, and strength; it is absolutely pure—an unequaled assistant to nature in giving health, vitality and strength. It will make you eat and sleep well, and cause you to feel like yourself again, or perhaps, better than you ever felt in your life. The "Best" Tonic was awarded the 100 points of perfection at the World's Fair, and was the only Malt Extract which received that honor. Your physician will prescribe Pabst Malt Extract, The "Best" Tonic in stock.

MAKING CONVERTS.

Great Good Arising From the Berry Street M. E. Revival.

Twenty-One Conversions in Three Meetings Yesterday—Twenty-Seven Polls With the Church.

The Berry Street M. E. church had a great day yesterday. Three meetings were held, and there were twenty-one conversions, and when the day closed there were twenty-seven members of the church. The attendance was very large, notwithstanding the inclement weather. The congregation seemed to be in the spirit of work, and every one who was privileged to attend was greatly blessed.

There will be services each afternoon and evening except Saturday. Friday will be spent in an all-day Pentecostal service beginning at 10 a. m. and closing at 4 p. m. There will be a different leader for each hour, and the ladies of the church will serve a free lunch to the members of the church at 12 m. to all who will attend. There will be a sermon to men promptly at 12:15 by one of the ministers. To this service all business men, clerks, and in fact all members of the city are most cordially invited.

REALISTIC AND IMPRESSIVE.

Lew Wallace's Wonderful Story Put Upon the Stage—Greatest Attraction of Week.

The Waltham Mass., Free Press, speaking of the production of "Ben Hur," which will be presented by local talent at the Temple on Friday and Saturday of this week, says:

"'Ben Hur,' Lew Wallace's wonderful story of the time of Christ, was put upon the Parkinson stage last night in a suberb manner, surprising to all in its excellence of management and appointments, and in the correct, realistic and impressive manner in which all the graphic scenes were carried out by the various actors. All were people of our own city. Well may that city feel proud of the constellation of talent adaptable to the requirements of so rich and lofty a production as was exhibited on this occasion. The house was well filled, the best element of society being largely represented, and it was easy to see that an effect more than merely satisfactory prevailed throughout the audience."

NEW GUN CARRIAGES.

Cleveland Concern Furnishes the First of the Disappearing Mounts.

CLEVELAND, Oct. 31.—The Walker Manufacturing company, of this city, has just finished the first of the new gun carriages for the Buffington-Crocker disappearing guns, for which it was awarded the contract last April by the government.

A test shows that everything about the big machine works with the smoothness and accuracy of clockwork, the carriage being turned in five seconds. The carriage weighs 107,000 pounds and the gun 32,000 pounds. Notwithstanding its great weight, the gun is so balanced that it can be operated by hand if necessary. When finally mounted, however, all its movements will be controlled automatically, except the loading and aiming. The gun will rise by the power of counterweights and its recoil will send it back again. The Walker company expect to finish a carriage every thirty days until all are completed.

DIES IN A FLAME OF OIL.

Woman Kills Herself Before Husband Returns—Cause of Disappointment.

PITTSBURG, Pa., Oct. 31.—Saturday night a week ago Mrs. John Cassidy, wife of an iron worker, residing at 81 Independence street, quarreled with her husband for his failing to take her to the exposition. All last week she would not speak to him.

When he came home late last night she scolded him and said she would kill herself. Putting down her two-month-old babe she seized a can of oil. Throwing the oil over her clothing she quickly ignited it before her husband could prevent her. In an instant she was flaming like a torch.

Her husband tried to smother the fire, but the woman was so badly burned that she died.

KILLS A MIDNIGHT VISITOR.

Indiana Farmer Shoots Hooded Man Who Enters His House.

EVANSVILLE, Ind., Oct. 31.—Fred Kaisner, a farmer living near Tell City, in Perry county, shot and killed John Stanley, his neighbor, early Sunday morning.

Kaisner was awakened about 2 o'clock by some one on the porch calling him. He asked who was there, and at the same time seized his shotgun. No reply was received but the door opened and a man wearing a mask entered. Kaisner fired, severing the jugular vein of the intruder.

Starling's purpose was either murder or robbery, and he carried in his hand a revolver. The coroner released Kaisner.

ACTIVITY CONTINUES.

British Ship Amphion Bound for Society Islands—Others Get Ready.

VICTORIA, B. C., Oct. 31.—The departure of her majesty's ship Amphion, Sunday, for the Society islands, the French colony in the south seas, did not end the activity at the Esquimalt naval station.

As soon as she left the wharf at the dock yard, the dock yard crew was detailed to get the dry dock in readiness for the reception of her majesty's ship Leander. She, too, is to go on a long voyage, or at least be in readiness for any duty that she may be called upon to perform.

The most significant feature outside of the departure of the Amphion however, is the activity on her majesty's ship Imperieus, Admiral Palliser's flagship. Sunday a large number of men were given shore leave, a very unusual thing on Sundays, and this morning she commenced coaling. It is understood that she goes out under orders on Thursday, but it is not likely that she will follow the Amphion, as that would be a reflection with a small fleet, the Leander, Icarus, two torpedo boat destroyers and two torpedo boats.

CABINET MEETS ON SUNDAY.

Informal Session Called at White House to Discuss Reports.

WASHINGTON, Oct. 31.—An informal session of the cabinet was held last night at the white house. The president embraced the opportunity afforded by the presence of several members of the cabinet to discuss with them their forthcoming annual reports.

The members of the cabinet present were Secretaries Alger, Long, Bliss and Wilson and Postmaster General Smith. Assistant Secretary of the Navy Allen, Adjutant General Corbin and Surgeon General Sternberg were with the president during a part of the evening.

The peace negotiations at Paris were referred to, but were not seriously considered, it is understood. This statement is borne out by the fact that Secretary of State Hay was not a party to the conference. It is said authoritatively that no new developments in the Paris situation have arisen during the past thirty-six hours. The president is said to believe that the negotiations will be brought to a satisfactory conclusion sooner, perhaps, than is generally expected.

LIKE THE NAIL TRUST.

Great Stoneware Combination Has Been Formed.

AKRON, Ohio, Oct. 31.—Success has at last crowned the efforts of the promoters of the combination which has for its purpose the control of the production of white, black and salt glazed stoneware in the United States and the fixing and maintaining of prices. Three meetings recently held in Chicago, Cleveland and Akron resulted in a trust being formed along the lines of the nail and wire concerns, the companies interested in the combine. The combination, it is stated, was planned by the best legal talent in the country and it is claimed the trust laws will not be violated. The combination represents about 65 per cent. of the entire production of common stoneware in the United States.

The trust has already advanced the market a half cent a gallon, in some instances a cent. H. F. Kent, of Akron, is president; T. C. Robinson, of Akron, secretary, and A. M. Linn, of Zanesville, is secretary.

MINERS ARE SHOT DOWN.

Strike Leaders at Washington, Ind., Interfere With Non-Union Laborers.

WASHINGTON, Daviess county, Oct. 31.—Richard Redmeister and Jon Ragsdale, coal strike leaders, were shot at noon yesterday by Austin Kocher, a non-union miner, who claims Ragsdale tried to hit him with a brick and that Redmeister struck at him with a knife. Kocher fired five shots, two of them taking effect in Ragsdale's neck and one in Redmeister's side. Ragsdale is badly hurt and Redmeister is not. Kocher was arrested. It is feared the affair will cause fresh trouble between the strikers and non-union miners.

HIGH RANK FOR DEWEY.

Naval Retirements Will Soon Make Him Senior Rear Admiral.

NEW YORK, Oct. 31.—A dispatch from Washington says:

Rear Admiral Miller will be placed on the retired list on Nov. 22d and the vacancy thus created in the grade of rear admiral will be filled by the promotion of Commodore F. J. Howard, commandant of the Boston navy yard.

Rear Admiral Bunce's retirement on Dec. 29th will make Rear Admiral Dewey the senior officer of the navy, and if congress revives the grade of admiral, as desired by Secretary Long, his appointment to that rank will follow without any further jumping.

Famous Actress Dead.

LONDON, Oct. 31.—Helen Faucit (Lady Martin), the celebrated English actress, who retired from the stage many years ago, is dead. She was born in 1820 and was married in 1851 to Sir Theodore Martin K. C. B.

BICOLA PILLS

Prevent Worry, Fortify Body and Mind Vend the Nerves; Make Flesh and Blood.

The Ideal Tonic For Men and Women

One of the best-known hotel proprietors in the United States is Mr. Henry W. Lawrence, proprietor of the Lawrence House, Mount Vernon, Indiana. When a man like Mr. Lawrence speaks every one should listen. He says: "Bicola Pills, the great blood and nerve tonic, have done me more good than all other medicines in the world. Bicola Pills are the most wonderful remedy that I have ever used. It seems sometimes comical to see a man who is weak and nervous, who is a mere wreck of humanity, who can hardly walk, become entirely free from a severe attack of nervousness and general depression, and in extremely short time be entirely free from nervousness and feeling to be the strongest man alive. Use Pabst's Bicola Pills. Price, 50 cents.

RECORDS SMASHED.

To Bob Lyons is Due the Credit.

Crestline to Fort Wayne in Two Hours and Twenty-Three Minutes—Other News.

To Engineer R. J. Lyons is due the credit of breaking the fast run record on that portion of the Pittsburg, Fort Wayne and Chicago road lying between this city and Crestline. The feat was accomplished this morning and the train was a special, bringing R. T. McDonald, the electric light magnate, home. Yesterday Mr. Law received a dispatch from Mr. McDonald, stating that the latter gentleman would arrive in Crestline at 5:30 this morning, over the Big Four road, and inquiring if arrangements could be made to meet him there with a special train. The answer was in the affirmative and a coach and engine 94 were dispatched to Crestline for that purpose. The special left Urcelline at 5:15 o'clock and stopped at the depot in this city at 8:09 o'clock, having covered the 131 and 6-10th miles in 143 minutes, including stops. Delays occurred as follows: Two minutes at the Toledo and Ohio Central crossing at Bucyrus, two minutes by reason of the slow up at Forest, five minutes at Lima in taking water and three minutes at V. A. tower, getting orders, making a total loss of time of twelve minutes. This deducted from the time consumed in making the run leaves the actual running time at 131 minutes and beats all previous records one minute. This run is all the more remarkable because the engineer who made it is comparatively young in the passenger service, having had but very little experience in that line, though he has handled fast freight trains for some years. The other members of the train's crew were Conductor G. J. Tuckey, Brakeman A. D. Craig and Fireman C. W. Lariviere. Engineers Ed. McDonald and Michael Shea each have the credit of making the run from Crestline to this city in two hours and twenty-four minutes.

TWO SOLDIER TRAINS ON THE NICKEL PLATE.

Two special trains, bearing the Third Wisconsin regiment homeward, passed through the city yesterday morning, over the Nickel Plate. Each train stopped here several minutes and the men were allowed to get off the cars and stroll about. Like all soldiers who have been restricted to the regular army "grub," the boys were hungry for fruit and cakes, and when given their liberty in that line yesterday they were not long in finding the trail to fruit and bakeries and laying in a good supply. One dozen of Calhoun street sold several hundred baskets of grapes—all he had in stock—and the restaurants in that part of the city sold about all the pies and cakes they had on hand. This regiment came from Porto Rico, where it passed through some of the hardships of war. When it left for that island, it numbered 1,350 men and officers and when it arrived in New York on the return trip there were only 1,000. About fifty men and three hundred had died and the other almost ones were still in the hospitals, sick with disease contracted in the fever infected island. Governor Bradley accompanied the regiment, riding on the first section of the train. The train crews were: On the Toledo district—first train, Conductor W. H. Epps, Engineer Al Bass and Fireman D. Vreeland with engine 92; second train, Conductor D. L. Billings, Engineer George Stevens and Fireman John Dickson. On the Fourth district—first train, Conductor R. C. Ross, Engineer J. C. Lynch and Fireman W. Oatman with engine 19; second train, Conductor G. M. Sauer, Engineer C. Sliter and Fireman S. Strayer with engine 151.

PENNSYLVANIA POLICE MEET HERE.

The men who comprise the Pennsylvania company's police force for the western division of the Pittsburg road held a meeting in Captain H. C. Stoll's office yesterday. Besides Superintendent C. D. Law, Captain Stoll and Lieutenant William M. Somers, there were twelve officers present. Mr. Law and Mr. Stoll addressed the assemblage upon matters pertaining to the calling of the men. The department is in fine shape, and this fact was referred to by the speakers, who complimented the men.

A GOOD PIECE OF DETECTIVE WORK.

Thomas Wilkinson, the Nickel Plate detective, ably assisted the Chicago police force last Friday night in landing six criminals. The alleged crooks are Thomas Kennedy, Charles Madjeski, Patrick McNamara, William Hagan, James Drady and William Jones, the latter colored. They are accused of train robbery and other thefts. A week ago last Saturday Patrick McNamara and Charles Madjeski broke into a Nickel Plate car in the Chicago yards, near Brighton park, and stole a number of expensive fur wraps. In getting the goods from the car the thieves were discovered by the conductor, who rushed up and grabbed one of them. He was attacked by the other thief, who had a coupling pin as a weapon, and was obliged to release his prisoner and thot we got away with the wraps. Mr. Wilkinson got on the trail and in a few hours had the two train-robbers and four of their pals in the Desplaines street station. The following morning the "gang" was arraigned in police court and their cases set for hearing next Friday. These men are said to be the chief part of a gang that has operated from Chicago to Fort Wayne and Toledo for some time and has caused much loss and great annoyances to the railways in this part of the country.

MANAGER RAMSEY HERE TODAY.

Vice President and General Manager Joseph Ramsey, jr., of the Wabash, and his subordinate officials arrived in the city this afternoon at 1:20 and after a brief stop, continued on to Toledo. He will return here at 8:15 tonight, his train running as a second No. 3. Mr. Ramsey is out on his annual inspection of the company's property.

General and Local Gossip.

William Hensil, machinist at the Bass works, has recovered from an illness, and this morning resumed his duties in the shop.

Machinist Pat Brosnahan has returned to his duties in the Pittsburg shops, after an absence of three days on account of sickness.

Henry Grassmyer, who had been a track foreman on the middle division of the Pennsylvania road for forty-seven years, was buried on Thursday.

Claude Koplinger, late of the Pittsburg shops, has returned from Canton, Ohio, where he was visiting his brothers, Charles and Ward Koplinger.

J. E. Noble, of the Bass works, went to Ossian this morning to make estimates upon the cost of a boiler plant the company is asked to place a bid upon.

George Waite, of the Pittsburg planing mills, was caught by the storm in the country yesterday and failed to get in in time to report for duty this morning.

The last of the five cars which make up the Pennsylvania wreck train which has its headquarters at Chicago was turned out of the east car shops this morning.

J. B. Ibsen, organizer of the Order of Railway Telegraphers, is now going over the Big Four lines in search of new members, and is meeting with some success.

Machinist George Schaick, of the Bass works, is sick. Machinist Frank Saffen, of the same shop, has recovered from an illness which confined him to his home for a week.

Engineer James Halpin, of Toledo, has taken the local run on the Wabash, vice Engineer F. M. Findley, who is temporarily loafing engine in place of Engineer John Carroll, who is sick.

John T. Leach, boilermaker at the Pittsburg shops, has been granted a leave of absence of several weeks for the purpose of soliciting membership for a new life insurance company.

The Pittsburg car shop on Lafayette street was nearly deserted this afternoon, the men turning out in great numbers at the funeral of the late Charlie Klepper, which occurred at 2 o'clock.

One of the furnaces at the Pittsburg blacksmith shop raved in this morning and as a consequence James Brythall and M. H. Morrison and their crew of workmen are taking a lay off, pending repairs.

Nos. 1 and 2, Findlay, Fort Wayne and Western engines, are in the Pennsylvania shops for repairs and during their absence Pittsburg engines 128 and 178 are doing service on the Findlay road.

The new department of freight claim agency of the Pennsylvania road is in good working order. R. B. Rossington, of this city, is now employed in this department, with headquarters at Pittsburg.

The Chicago and Erie road is threatened with a freight blockade, so heavy is the business. Traffic is also very heavy with the Pennsylvania and the Nickel Plate, but it is far from the blockade point.

The Boston Lyric Opera company, which held forth at the Temple last week, went to Kendallville this morning. After the show there tonight the company will return to this city and take the Wabash for Lafayette.

Every department of the great Pennsylvania's shops at Altoona is running ten hours per day and some of the departments are in operation thirteen of the twenty-four hours. A year ago those shops were only running eight hours per day.

The Electric corporation this morning sent a large motor to the Potomac Electric Light and Power company, Washington, D. C. Saturday St. S. Willson put a motor in the Daily News office for the corporation to furnish power to drive the presses.

Russell Sage, despite the Joint Traffic association decision, takes a cheerful view of the outlook for the railroads, saying that it is good for well-managed roads. Most of them now have good roadbeds, new steel track and good rolling stock, and ought to make money, even if rates are low.

A call has been issued for a meeting of the presidents of the roads in the Joint Traffic association at the headquarters of the latter in New York on Friday, November 4. The purpose of the meeting is to have a full and free discussion of the situation growing out of the decision of the United States supreme court.

C. V. Jennings, the unfortunate Wabash switchman, was down to the yards this morning to see his fellow switchmen. He is still quite lame, the injury to his hips being the chief trouble now. He will go to the company's hospital in Paris to remain until he is able to resume work, which may be several weeks.

In a few days all the men from the Pittsburg shops who belong to the Twenty-eight Indians lottery will resume their duties in that establishment. Among them are George Seibold, Charley Nolan, Frank Slaiter and Charles Jocipel, of the machine department, and William Backes and William Shafer, of the boiler room.

Passenger Engineer James Southorn, of the Pittsburg, who had been off duty on account of the death of his grandson, James Sahwold, of Stony Island, has returned to his duties on the road. The dead boy was about fifteen years old and not a mere child, as many people supposed. His father is an engineer on the Nickel Plate road.

Machinist Frank Connore, of the Pittsburg shops, who was suffering from blood poison arising from a wound on his hand, was able to resume work in that establishment this morning, after an absence since October 2. At one time he was threatened with loss of the hand, but the wound has nearly healed and will cause him no further trouble.

Wesley T. Davis, the veteran stationary engineer, continues in a serious condition, much to the disappointment of the family, who a few weeks ago thought he was improving. He suffers from stomach troubles. Mr. Davis is one of the oldest and best known engineers in the city. He worked for the Wells Wheel company for over a quarter of a century.

The fall house cleaning at the Wabash shops has been completed, under the supervision of the general foreman, W. S. Cooper, and it is safe to say that no shop in the city is in a cleaner or better sanitary condition than that establishment. Mr. Cooper was complimented by Master Mechanic Doubler for his good work in this direction, and will be deserves the praise.

Capt. R. H. Harrison, of the Pittsburg shops, and Mrs. Harrison, attended the thirteenth anniversary celebration of the wedding of Mr. and Mrs. Morton Broughton yesterday, at their home in Garrett, Ind. The affair was one of great importance in social circles at that city, because of the prominence of the host and hostess. Mr. Broughton is a conductor on the Baltimore and Ohio road.

General Weyler died this morning from suffocation. The Weyler referred to in this item was an alligator owned by the attaches of Master Mechanic G. H. Doebler's office, on Fairfield avenue. The pond in the yard where Weyler, General Blanco and Segnete take their bathing is heated by steam and this morning the water gets little too warm, with the result mentioned. Those alligators were presented to the "boys" last spring by some of the members of the One Hundred and Fifty-seventh regiment, which was stationed at Fernandina, where alligators are plentiful.

Do Not be Alarmed—Just Look for the Cause.

Heart troubles, at least among Americans, are certainly increasing and while this may be largely due to the excitement and worry of American business life, it is more often the result of weak stomachs, of poor digestion.

Real, organic heart disease is incurable; but not one case in a hundred of heart trouble is organic.

The close relation between heart trouble and poor digestion is because both organs are controlled by branches of the same great nerves, the Sympathetic; and then neuralgia.

In another way, also, the heart is affected by that form of poor digestion, which causes gas and fermentation from half digested food; there is a feeling of oppression and heaviness in the chest caused by pressure of the distended stomach on the heart and lungs, interfering with their action: hence arises palpitation and short breath.

Poor digestion also poisons the blood, makes it thin and watery, which irritates and weakens the heart.

The most sensible treatment for heart trouble is to improve the digestion and to insure the prompt assimilation of food.

This can best be done by the regular use, after meals, of some safe, pleasant and effective digestive preparation, like Stuart's Dyspepsia Tablets, which may be found at most drug stores, and which contain valuable, harmless digestive elements in a pleasant, convenient form.

It is safe to say that the regular, persistent use of Stuart's Dyspepsia Tablets at meal time will cure any form of stomach trouble except cancer of the stomach.

Full sized packages of the tablets sold by druggists at 50 cents.

Little book on stomach troubles mailed free. Address Stuart Co., Marshall, Mich.

Common Prices FOR Uncommon Clothes.

About half the clothing worn by the male population of Fort Wayne comes from Sam, Pete & Max. About all the trouble comes from the other half. When the entire population wear Sam, Pete & Max's clothes, "Sorrow and Trouble Will Flee Away." Our prices are common enough; you'll find just such prices as ours in any store--but the clothing! "Ah, there's the rub." That is where the uncommon part comes in. Sam, Pete & Max's clothes at anybody's prices keeps the store full all the time.

Sam, Pete & Max's Suits and Overcoats.

All the newest and best there is, in fabric, make, style and trimmings, are in them. They are all made to fit and bound to wear. You have seen such prices before, but such clothing, never. Prices are $7.50, $10.00, $12.00.

Fine Raiment.

Do you wish to be clothed in that kind? Then come to Sam, Pete & Max's and see the line of Suits and Overcoats in that department. Why pay $25.00 to $40.00 for a fine suit, when we can fit you out at $15.00, $18.00 and $20.00.

Boys' Knee Pants Suits.

That line we show at $2.45 and $2.95 seems to startle some folks. We have seen suits which sold for $5.00 that compare favorably with those we offer at above prices. Lots of finer ones up to $8.00 a suit.

Underwear.

Don't risk the light weights any longer. It's getting too late. See our line of part wool, all wool or pure cotton, if you can't wear wool. Prices common, goods the other kind.

Nine weeks ago a contractor entered a bid to build a brick sidewalk on Oneida street, from Edgewater to Elmwood avenues, in Lakeside. Immediately upon receiving the contract he had the old walks torn up and the brick and sand for the new ones delivered and then the men were recalled and set at another task. The Oneida street walks are still impassable, much to the inconvenience of those who pass that way, and the citizens wonder why the contractor has not been forced to complete the work. He should be.

BOSTON LYRIC OPERA COMPANY ARTISTS

Pay Tribute to the Musical Qualities of the

PACKARD PIANO.

FORT WAYNE, Ind., Oct. 29, '98.
Fort Wayne Organ Co.:

GENTLEMEN:—Being an admirer of that which is artistic in anything pertaining to the music line, I want to congratulate you on the beautiful tone quality of your Packard pianos. I had the pleasure for the first time during the past week of testing one of your instruments, and as a professional artist, I do not hesitate to say that it has all the intrinsic merits of the higher grade instruments. I also found that its tone quality was particularly adapted to sustaining the voice, a point greatly admired by all singers. With best wishes for your continued success, I beg to remain

Yours truly,
LAURA DIETZ,
Mezzo-soprano Soloist Boston Lyric Opera Company.

FORT WAYNE, Ind., Oct. 26, 1898.
Fort Wayne Organ Co.:

GENTLEMEN—It gives me great pleasure to add to what has already been said of the fine qualities of your Packard piano. Its beautiful singing quality and resonance of long ranks it an instrument to be admired by all musicians. The full vibrant tone produced is particularly sustaining to the voice; in fact, as a professional artist, I have no hesitancy in saying that it has all the fine qualities of a strictly high grade instrument.

Cordially yours,
JOSEPHINE STANTON,
Soprano Soloist Boston Lyric Opera Company.

FORT WAYNE, Ind., Oct. 29, 1898.
Fort Wayne Organ Co.:

GENTLEMEN—I can not leave the city without expressing to you my sincere thanks for the pleasure derived from having had the use of one of your Packard upright pianos during our opera season the past week. I found it to be all the fine qualities of tone that help to entertain the singer, it being thoroughly musical throughout its entire scale and being particularly free from those metallic tones so often found in the pianos of today, and which to artists make it very disagreeable to sing with. Again thanking you, I beg to remain,

Respectfully,
HENRY HALLAM,
Tenor Soloist Boston Lyric Opera Company.

The Success Of Your Suit—

Depends largely upon the style and fit of your suit of clothes. Fashionable and properly fitting garments do not necessarily mean high prices. We have an elaborate array of suits at $8.00, $10.00, $12.00, $15.00 that are all elegant in fit and style, and at $16.00 and $18.00, we have those latest style, double-breasted, satin lined, Blue Serge Suits.

20 PER CENT. OFF IN BLACK, BLUE & BROWN OVERCOATS.

We will sell these lines now at after-the-season's prices, so you can have the advantage now. The reason for this is that we have too many of them.

DANGER!

It is poor policy—dangerous policy—to pay too little for tools. We don't say that you should pay a big price to get the best. Many times these tools are better and cheaper than those sold by the "high priced" dealers. Knives, scissors, and, indeed, almost all the tools we sell are fully up to the standard and will please you.
